GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

Read—the following Proceedings of the Board of Revenue (Revenue Settlement, Land Records and Agriculture), dated 16th March 1897, Mis. No. 1966 :—

Read—the following letter from the Collector of Vizagapatam, to the Secretary to the Commissioner of Revenue Settlement and Director of the Department of Land Records and Agriculture, dated 10th March 1897, Ref. on C. No. 876 :—

I have the honour to report that the Huzur Deputy Collector having reported to me that work was urgently needed by the villagers in the neighbourhood of Gazuvaka, Vizagapatam taluk, I directed the Local Fund Engineer, who is now spending the balance of road allotments on collection of materials, to offer work on petty contract at reduced rates (As. 5 per cubic yard of metal) to all who might apply for it at a quarry at Gazuvaka. As a large number came to work, I went there yesterday. About 400 people had come to work and the number was rapidly swelling. As the terms are decidedly illiberal, this shows they are hard up for employment, and, moreover, the District Board cannot employ an indefinite number. I therefore ordered a test work which will commence on Monday. I have allotted to it Rs. 1,000. As I have already applied for Rs. 2,000 and have allotted the other Rs. 1,000 to the test work at Dakmarri, Bimlipatam taluk, no further sanction is required. I request approval of my action.

2. I take this opportunity of reporting that I hear from Mr. Scott this morning that the test work opened at Dakmarri yesterday failed to attract, though the villagers had said they would come to it. Mr. Scott informs me that although these people have, many of them, no store of food and very seldom any work, they still obstinately decline work at famine rates. As he says they are suffering in condition, I have wired him to endeavour to persuade those in need of it to come in to work. I shall go there in a few days with the District Surgeon. I should not have instructed Mr. Scott to use persuasion had he not told me that the people were really in distress, and I think they should, if possible, be saved from further reducing themselves and their children by their obstinacy.

Resolution—dated 10th March 1897, Mis. No. 1966.
