Dated 20th February 1897.

From

W.B.dewinton Esq.,

Superintending Engineer, 111 Circle, Bellary.

TO

The Collector of Gundaph.

Sir,

Sir,

With reference to remarks in para 4 of Board's Proceedings No.93 dated 3rd February 1897, I have the honor to point out that - this Department is only awaiting intimation from you that they are - needed to commence further relief works. Peddapasupula channel and - Chepad (Rajoli) channel can commence at once if needed.

Proceedings of the Board of Revenue.
(Revenue Settlement, Land Records & Agriculture)

Dated 5th March 1897.

No.1661 Mls.

Read the following letter from the Collector of Cuddapah dated 26th February 1897 No.74/Tour Ref: on Current:-

I have the honor to forward herewith a copy of the Superintending Engineer's letter No.4068 dated 20th February 1897 from which it will be seen that he says that he is prepared to start Peddapasupula channel work in Jammamadu Taluk and the Razoli channel project in Prodtutore taluk at once if needed.

2. The estimates and plans for Peddapasupula channel are forwarded to the Board separately with my letter Ref. on C No.8014/Rev. of 96 dated 26th February 1897.

3. I wish to start the Rajoli channel project as soon as possible but the estimates &c. have not been sent to me by the Department of Public Works. I understand the Superintending Engineer to say that work can be commenced if needed without waiting for sanction of the estimates. I request that the Board will sanction the opening of the work as a relief work at an early date.

R e s o l u t i o n .

If the Collector considers that the Rajoli -
work project is required as a relief work he should start it in anticipation of formal sanction.
