PROCEEDINGS OF THE MADRAS GOVERNMENT.

READ the following paper :—

From the Inspector-General of Police, Madras, No.
5478, dated 24th September 1897:-

I have the honour to bring to the notice of Government the necessity for the construction of a station-house at Phirangipuram in the Kistna District.

2. Mr. Young, the Deputy Inspector-General of Police, Northern Range, on his inspection of the old station house in 1895, remarked as follows:-

" The station, a small tiled building, with stone walls in mud, was erected in 1888 at a cost of Rs.600 under the supervision of 2nd class Inspector Balaramaswami; the building has no basement whatsoever and is erected on low swampy ground; the consequence is that the walls, which are cracked in all directions, have sunk at least a foot since the building was first occupied".

3. Since September 1895, the Police station has been located in a rented building at a monthly rental of Rs.2.

The

The Deputy Inspector-General is of opinion that a new station-house should be constructed at Phirangipuram by the Public Works Department. I concur with him.

4. The Superintendent of Police had a rough estimate prepared by a Contractor for the re-construction of the station-house departmentally, but as the estimated cost amounted to Rs. 1510, he submitted it to me with a request that the work be undertaken by the Public Works Department, as the amount exceeded Rs. 1,000.

5. In these circumstances, I solicit the sanction of Government for the preparation of plans and estimates by the Public Works Department for the construction of a 3rd Class station-house at Phirangipuram on the site of the old building. The strength of this station is 1 Head Constable and 4 Constables. The materials of the old building can be used for the proposed new building.

-----O O O-----

O R D E R:-No.1467, dated 8th October 1897.

The Inspector-General's proposal to construct a new third class Station-house is approved and the necessary orders for the preparation of plans and estimates will be issued in the Public Works Department.
