SIR,

With reference to your memo-
-randum No. 1606 D dated 7th instant, I
have the honour to state that the work in
the Draftman's branch in the Godavari Eastern
Division has always been heavy and I
am satisfied that 3 Draftsmen are and
will be required and that there is no
reasonable chance of the 3rd draftsman's
post ever ceasing to be necessary.

Before sending, I should like the Ex. Engineer
to be asked to report if there is any
reasonable chance of the post work
ceasing to be necessary. If not, it
would probably be best to make it
permanent and remunerable at once.

1.10.97

In G.O. No. 1127 W dated 7 May
1894 the employment of an extra
temporary draftsman on Rs 20
per mensem in the Godavari
Eastern division, was sanction-
ed for the year 1894-95. The
grounds which were given
and accepted for this additional
hand were that the work in
the drawing branch of the Execu-
tive Engineer's office was so heavy
on account of the numerous
repair estimates, that the two
permanent draftsmen allowed
for the division could not keep
pace with the work.

The sanction was renewed
for 1895-96 in G.O. No. 810 W dated
2-4-95.

In

*
Flag B

In September 1895, it was represented that the pay Rs. 20 allowed, was so small that no qualified man could be found for the post, and an increase to Rs. 30 was applied for and sanctioned in G.O. No. 2407 W dated 1-10-95.

Renewed sanction for the post, on the same pay, Rs. 30, during 1896-97 was given in G.O. No. 1329 W dated 27-4-96.

The Supty. Engineer ^{now} ~~now~~ reports that owing to the temporary nature of the appointment it has not been found possible to get a draftsman who is willing to hold the post for some time without endeavouring to seek for employment ^{elsewhere} and that during the last four years five men held the post and gave it up. He therefore asks for sanction to make the post a permanent one.

The drawing establishment usually allowed for ^a 1st class division is two draftsmen one 1st class (Rs. 50-70) and one ^{third}

+ Flag C

+ Flag D

third class (Rs. 20-30) the only divisions which are allowed three permanent draftsmen are the Gaujam division, which was given an extra man on its amalgamation with the Rushikulya project division, and the Kurnool division which has the Kurnool canal.

The Godavari Western division has an extra temporary draftsman on Rs. 20, the Kistna Northern division one on Rs. 30, the Kistna Western division three extra temporary men on Rs. 50, 40 and 30, and the Tinnivelly and South Arcot divisions one each on Rs. 30 and 25 respectively.

The circumstances which make the employment of an extra draftsman necessary in the Godavari Eastern division may cease in time, and if the man is on the temporary establishment his services can be dispensed with

with when no longer required.
It does not seem advisable
therefore to increase pensionary
charges by adding to the per-
manent establishment. It would
be more economical perhaps
to increase the pay of the
temporary post to Rs 40 per
month and to ask the
Suptg. Engineer to report after
a time whether he has been
able to secure a qualified
man for this salary, who
will remain in the post.
