FURTHER PAPERS.

No.	Date.

Copy of letter no: 3161 of 17-9-97 from J. C. Johnston Esqr., Executive Engineer, Kirwapol Division, to the Superintending Engineer, III Circle, Bellary.

With reference to your endorsement no: 3140 dated 25th August 97 on G.O. No: 2277 W. dated 19 idem, I have the honour to inform you that several officers and subordinates transferred to this Division, on account of Famine Relief works (previous to the receipt of the G.O. quoted above) have already brought their families at the Public expense. I have therefore the honour to request that you will be good enough to inform me whether officers

Officers and Subordinates are entitled to Travelling allowances to take their families back either to the stations from which they were transferred or to any new station under the terms of G.O now in question. The G.O was issued in our Department so late as 19 August 197 and it will now be hard on them to be deprived of the privilege given when they join this Division. Having been given allowances for bringing their families, it seems equitable that they should be given the same for taking them back.

2. The five subordinates under orders of transfers to 2nd Circle and who originally came from that circle, came here with their families at the Public Expense, and they are now enquiring whether they will receive a similar Concession for the return journey. I therefore solicit orders on the subject.

No. 3764W dated 24th September 1897.

Submitted to the Chief Engineer, P. W. D for favour of orders. I think the request is reasonable.

[signature]

Superintending Engineer,

23/9/97

3rd Circle.

P. W.D.

Circular No 9552

Note

In Rly. No 5-76 Rev. dated 15-7-87 (Rly. No 2277 W of 15-8-87) ~~Flags B~~ not in the file × it was ruled that + deputed on famine in districts other than that in which they were serving, should, as a rule, not be permitted to take their families with them at the public cost.

The Executive Engineer Kumaon division raised the question whether officers & subordinates who took their families with them at the public expense before the issue of the orders should

be debarred the grant of travelling allowance for the return journey.

The object of the G.O. was doubtless to restrict expense in the transport of officers to relief works, but there is nothing in it to prevent the grant of travelling allowance to those who had already taken their families with them at Govt. cost, before the issue of the order.

A draft order is submitted accordingly.

Dated Simla, the 9th October 1897.

Sir,

I have the honour to request that the following note may be enfaced on type plan No. 132, British Infantry series:—

Note—The screen wall of sweeper's passage can be advantageously pierced at ground level with small arched openings. This increases the ventilation of the passage. Care must be taken, however, that the pans are not exposed to view.

I have the honour to be,

Sir,

Your most obedient servant,
