ORDER.

+ Flay C

It is observed that in G.O.No.

3012 W dated 27th October 1897 the

General Superintendent P. W. Stores

was directed to take delivery of the

hammers already manufactured by the

Madras Railway Company in accordance

with the approved sample, and to pay

for them. The bill now submitted --

will be transferred to that officer

for adjustment.

2. The round iron bars will also

be taken over and utilised in the

Workshops.

Constg. Engr. for Railways.

Suptg. Engr. V Circle with 1 bill.

Examiner P. W. Accts.

Note for His Excellency.

Para 2 of the draft order seems

necessary. The iron has been pre-

pared by the Co. in accordance with a

specific order, and the P. W. D. must

now, it is thought, take it over. It

can doubtless be utilised in the

Workshops. *sites in the main*

In continuation of my telegram of the 12th instant, I have the honor to inform you that 12,646 hammers have been completed and are now at the works at Perambur ready for delivery. The General Superintendent, Public Works Stores, has been requested to take delivery but has not yet done so. In addition to the number of hammers completed, several round iron bars have been cut into short pieces for the manufacture of hammers and there are 1900 of these pieces on hand. The bars having been cut up are, of course, useless for any other purpose than for hammers. I propose preparing a bill against the Government for the value of the bars cut up as also for the labor expended in cutting.
