Note.

The Supdg. Engineer V circle applies for sanction to the employment of a head lascar on Rs 7, and 2 lascars on Rs 5 each, per mensem on the regulator of 9 vents lately completed across the Vettar, and for the supervision of this establt., he proposes to employ the Supt. Pandavyar Head Works, 5 miles distant, giving him an increase of Rs 2 to his pay of Rs. 20 per mensem for the additional work. The application is supported by the Chief Engr. for Irrigation.

The Examiner points out that under G.O. No 840 W dated 28.3.93 the

the pay of the lascars should be charged to "Works", i.e. to the maintenance of the regulator.

The proposal to combine the supervision of the Vettar regulator with that of the Pandavyar Head Works is an economical one, and a draft G.O. is submitted accordingly for approval.
