Ordered that the — for six automatic gauges required for use in the IV Circle be forwarded to the Director-General of Stores for compliance.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following papers:—

From H. A. MOSS, Esq., General Superintendent, Public Works Stores, to the Examiner, Public Works Accounts, dated Madras, 25th November 1896, No. 70 S.

With reference to G.O., No. 860 I., dated 23rd October 1896, I have the honour to forward, for submission to Government, a special indent in triplicate for gauge required from England for Superintending Engineer, IV Circle.

The columns 9 and 10 are not filled as its value is not known.

From the Examiner, Public Works Accounts, dated 3rd December 1896, No. 4168 D./B.
From the Superintending Engineer, IV Circle, dated 7th January 1897, No. 5 W.
From the Examiner, Public Works Accounts, dated 19th January 1897, No. 169 D./B.
Do. do. „ 9th February 1897, No. 456 D./B.

ORDER—No. 560 W., dated 26th February 1897.

The indent will be forwarded to the Director-General of Stores for compliance.

2. The Superintending Engineer, IV Circle, reports that six automatic gauges are required and that number has been included in the indent.

[Here enter No. 561 W., dated 26th February 1897.]

(True Extract.)

Under Secretary to Government.

BACK PAPERS.

FURTHER PAPERS.

1. All articles required for the public service, which cannot be manufactured in India, are, as an almost invariable rule, to be obtained by indenting to the Secretary of State. The Store Department at the India Office constitutes a special agency, which is maintained for the express purpose of purchasing stores in England on account of the Government of India, and, save in the special cases mentioned below, stores of European manufacture must not be bought in India, or obtained direct from Europe independently of the India Office.

2. The special cases in which, with the previous sanction of the Government of India or of the Local Government, as the case may be, stores of European manufacture may be obtained in India, are:—

(a) When for any special reason it may be more economical to do so ;

(b) When stores indented for from England have not arrived, and inconvenience to the public service is anticipated from the delay in the supply ;

When the stores are perishable.

3. Indents for public works stores, other than railway stores, so long as they are within the grant assigned for the purpose, should be sent direct by the Secretaries in the Public Works Department of the several Local Governments and Administrations to the India Office; three copies of printed and two of manuscript indents should be sent, and a copy be submitted to the government of India.

Note.—Copies of indents chargeable to Provincial and Local Funds are not required to be sent to the Government of India.

4. This form of indent should invariably be adhered to, other modes of application being entirely discarded, and requisitions in the body of letters, which may be overlooked or misunderstood, being specially avoided.

5. The columns (which sufficiently explain their own meaning) must be filled up without alteration, and others are not to be substituted, any remarks that may be considered necessary being confined to the column for that purpose, which should contain every explanation that may guide in the supply and pattern of the articles required.

6. Where an established proportion for general stores has not yet been fixed, it should consist of three years' ordinary expenditure: the quantities in store at the date of requisition being added to the quantities due upon former indents, the difference between the aggregate of these two columns and the established proportion is the proper quantity to be asked for. This procedure if duly attended to, will always keep up an ample supply for general service; if, however, in exceptional circumstances, it is found desirable to exceed the established proportion, the reason for so doing must be inserted in the column of remarks. The calculation of the established proportion on the basis of three years' ordinary expenditure is not applicable in the case of railways.

8. In the column of remarks, the port to which stores are to be consigned should be stated, and also the names of the last two or three vessels whose consignments have been included in the quantity in store as shown in column 6.

9. Each indent must be accompanied by a certificate of the necessity for the stores indented for, and that they cannot be advantageously procured of local manufacture or from surplus stores of other departments, railways or administrations.

10. In the case of stores for imperial purposes (including all state railways) in a year not yet begun, the sanction of the Government of India must be obtained to the proposed allotment before the Examiner can give his certificate; but for stores for provincial services (except provincial state railways) the sanction of the Local Government or Administration will suffice for the Examiner.

11. When it is expected that the outlay will be provided partly in one year and partly in another, the following addition should be made to the Examiner's certificate—"and that the balance of the estimated outlay in England, or £ (——) will be provided by the Government of India in the estimates of the year 189—9." *Vide* Government of India letter No. ——— dated ———.

12. In preparing indents attention should be paid to the rules on the subject in appendix O. (P. W. Code, vol. I.)

According to para 3(a) of the Secretary of State despatch No. 100 (Financial) dated 21st March 1887, printed in Appendix X of volume II of the P.W.D. Code, it is presumed that the stores included in the accompanying indents Nos. 22 of 1896 and 24 of 1897 will not be paid for until the following financial year. Please therefore state whether any provision of funds to meet the value of these stores will be made in the Budgets of the ensuing official year.
