MARCH.

Letter from the Government of India stating that they agree not to post in future any military men from the College at Roorkee to Burma as recruits for the Upper Subordinate establishment, and that the Government of Madras should post military men from the Madras College to fill vacancies as required after the guarantee to the Rangoon College is satisfied, communicated to the Educational Department.

READ—the following paper:—

From G. H. D. WALKER, Esq., Under Secretary to the Government of India,
Public Works Department (General), to the Secretary to the Government
of Madras, Public Works Department, dated Calcutta, 8th March 1897,
No. 644 G.

I am directed to acknowledge the receipt of your letter No. 3159 W., dated the
5th November 1896, in which the Government of Madras strongly recommend for
adoption the suggestion which has been put forward by the Principal of the College
of Engineering, Madras, that the supply of military subordinates for Burma should
be drawn from that College, now that all non-commissioned officers posted to Burma
are to be borne on the Madras unattached list.

2. In reply I am to state that two appointments are guaranteed in future years
to civilian overseers from the Rangoon Engineering school for natives of Burma.
The Government of India agree, however, not to post in future any military men from
the Thomason Civil Engineering College, Roorkee, to Burma as recruits for the Upper
Subordinates establishment, and they agree that the Government of Madras should
post military men from the Madras College to fill vacancies as required after the
guarantee to the Rangoon College referred to above is satisfied. It is probable that
the number of appointments to be filled by military passed students of the Madras
College of Engineering under this arrangement will not exceed one per annum, and
that even this number may not always be available. It has been ascertained that the
Chief Commissioner of Burma has no objection to the arrangement.
