change is not likely to be readily understood, care should be taken to see that in notifying it to the weavers, they are made to understand that the terms are different from those originally suggested.

Resolution.

Communicated to the Collector of Karnool for immediate report as to the action he has taken in reference to the personal representations made to him by the Sanitary Commissioner and in reference to the remarks made in B. P. No. 796, M.S., dated 3rd February 1897. If the Collector is satisfied that the task originally proposed is too high, he should revise it so that relief may no longer be withheld from those standing in need thereof. He is reminded that on him ~~rest~~ lies the responsibility for seeing that employment is offered to the people in his charge "in time to secure them against the danger of falling into an enfeebled condition throughout"; and that this employment is adequate to the capacity of the workers.

3. The following telegram will be despatched :-

"Report by ~~Sanitary~~ letter fully action taken regarding weaver relief Karnool in reference to representations of Sanitary Commissioner".

Order thereon. No. 1571 M.S. d/23rd March 1897
