PUBLIC WORKS DEPARTMENT.

General.  
Account.

READ—the following paper:—

Office-note from the Examiner, Public Works Accounts, dated 19th March 1896, No. 812 D./A.

It has been the practice for Government to approve all data statements for calculation of rents of buildings. The rules in the code do not require such sanction and, if you have no special reasons for requiring the statements to be submitted to Government, they might be finally approved by the Superintending Engineers after having been checked and passed by this office. Any cases requiring the special orders would be referred to Government.

ORDER—No. 1010 W., dated 20th March 1896.

The Examiner's suggestion is approved, except in the case of statements which involve an increase of rent, which should continue to be submitted for the sanction of Government.
