READ—the following paper :—

G.O., Mis. No. 3361, Revenue, dated 3rd July 1897.

Proceedings of the Board of Revenue (Separate Revenue), Mis. No. 2548, dated 15th June 1897.

Read—the following letter from the Assistant Commissioner of Salt, Abkari and Customs Department, to the Executive Engineer, North Arcot Division, dated 1st May 1897, No. 1382 :—

As the Board of Revenue (Separate Revenue) have sanctioned the conversion of one of the blocks in the upper Cavalry barracks at Karai, Ránipéttai, into Inspector's quarters, at a cost of Rs. 945, and also for the construction of a stable for Rs. 110, and as the work has to be taken on hand at a very early date, I have the honour to request that you will be good enough to hand over formally to this department block No. I of the buildings.

2. The Board of Revenue (Separate Revenue) has in its Proceedings, No. 5021, dated 28th November 1896, requested the Superintending Engineer not to make over any of these buildings to private persons as they are likely to be required for the use of this department.

3. I request that you will be pleased to issue early orders for the transfer of the building to the Inspector of Salt, Abkari and Customs Department, Ránipéttai Circle.

From the Executive Engineer, North Arcot Division, to the Superintending Engineer, IV Circle, dated 19th May 1897, No. 254 S.E. :—

With reference to letter from the Assistant Commissioner of Salt, Abkari and Customs Department, Arcot Sub-Division, No. 1382, dated 1st May 1897, copy of which is herein enclosed, I have the honour to request that orders of Government may be obtained to enable the building referred to to be handed over under such conditions as the Government may prescribe.

2. The building is numbered 2 at page 5 of the register of this department under Provincial Civil Buildings, Wallajah taluk, and has not been made over to any one as directed in your No. 560/N.A. of 10th December 1895.

3. At present a watcher on Rs. 5 per mensem is employed to look after all the blocks. The buildings are getting into disrepair and portions of the roofs are falling in. I consider that if one block is made over to the Salt Department they had better take charge of them all, and so save to Government the pay of the watchman. If the other buildings are not likely to be used, I should recommend their being dismantled and the materials sold by public auction.

No. 275/M.

Copy forwarded to the Board of Revenue (Separate Revenue), with reference to their Proceedings, Mis. No. 5021, dated 25th November 1895. The transfer of buildings to the Revenue Department requires the sanction of Government.

(Signed) J. HANNAN,
Superintending Engineer, IV Circle.

24th May 1897.

Resolution—Mis. No. 2548, dated 15th June 1897.

Submitted to Government.

2. In recommending Ránipéttai as the head-quarters of the circle formed in 1895, the Board, in paragraph 5 of its Proceedings, No. 488, dated 18th October 1895, disposed of in G.O., No. 766, Revenue, dated 23rd November 1895, stated that the Inspector could get a suitable house within two miles of the town. As, however, the Inspector experienced great difficulty in getting a house, and as the Superintending Engineer, IV Circle, had then brought to the notice of the Board that certain Government buildings could be made available for the use of this department, the Board decided to utilize block No. I of the Cavalry barracks with slight alterations, as quarters for the Inspector, Ránipéttai Circle, and sanctioned an estimate for Rs. 945 for the same and another for Rs. 110 for a stable. It now requests that sanction may be accorded to the transfer of block No. I of the Cavalry barracks to this department.

3. As regards the other buildings referred to in paragraph 3 of the Executive Engineer's letter, the Board is not at present prepared to state definitely whether they will be required, estimates of the cost of adapting them for an Assistant Commissioner's residence, &c., were recently prepared, but the Board found that it would be almost as cheap to build. The Assistant Commissioner has been able to find accommodation in Vellore and as funds are not available for any expensive project at present, there is no object in coming to an immediate decision.
