Civil Works.

READ—the following papers:—

From M.R.Ry. G. T. RAGHAVAYYA Garu, B.A., Chairman, Municipal Council, Adóni, to the Secretary to Government, Local and Municipal Department (through the Divisional Officer, Adóni, and the Collector of Bellary), dated 14th May 1897, No. 478 C.

I have the honour to state that the council had in contemplation, some time past, a scheme to convert the Police hospital into a *post-mortem* house, which was finally abandoned in consequence of the remarks made by Mr. Campbell, the then Acting Collector of Bellary, and the District Medical and Sanitary Officer, copies of which are herewith submitted, to the effect that the existing *post-mortem* house is roomy and well ventilated and the conversion alluded to above is unnecessary. The Collector has further remarked that the apothecary in charge of the hospital is very much in need of a decent house, and the Police hospital, which is situated in close proximity to the hospital, if converted into a house would make excellent quarters for the apothecary. It is extremely necessary that the medical officer in charge of the hospital should have his quarters by the side of it to facilitate his attention to urgent cases and immediate administration of medicine.

2. Considerable inconvenience and hardship accrued to the people by the medical officer not having his residence by the side of the hospital, and it was therefore resolved in the council to address the Government on the subject of transfer. I therefore request that the Government will be pleased to transfer the Police hospital to the municipality to be converted into quarters for the medical officer in charge of the hospital, which, it is submitted, will obviate many inconveniences to the public at large.

3. A plan showing the proposed additions is herewith submitted.

ENCLOSURES.

From Surgeon-Major J. W. EVANS, District Medical and Sanitary Officer, Bellary, to the Chairman, Municipal Council, Adóni, dated 30th November 1896, C.R. No. 1888.

I have the honour to forward the standard plan of dead-house (which please return). The present dead-house though smaller than would be built now is not so small that it should be condemned and is amply ventilated by the door and three large windows. A decomposed body would be about as objectionable in a house ten times the size and in such cases the *post-mortem* had better be carried out in the open air. The Collector's remarks are forwarded and I ask the council to favourably consider the conversion of the Police hospital into quarters for the apothecary.

True copy of remarks in the Visitors' Book of Municipal Hospital, Adóni.

"Everything seems in order. I see no necessity for a new dead-house, as the existing one is roomy enough and well ventilated. The old Police hospital would make, with some additions, excellent quarters for the apothecary who is very much in need of a decent house. Will the Chairman kindly move in the matter? The attendance of out-patients is satisfactory.

26th November 1896. (Signed) R. H. CAMPBELL,
Acting Collector.

Forwarded.

(Signed) J. W. EVANS,
District Medical and Sanitary Officer, Bellary.

2. Read letter C.R. No. 1888 of 30th November 1896 from the District Medical and Sanitary Officer, Bellary, forwarding for favourable consideration of the council copy of Collector's remarks in the visitors' book of the Municipal hospital, Adóni, dated 26th November 1896, expressing his opinion that the old Police hospital would make with some additions excellent quarters for the apothecary who is very much in need of a decent house, and that the Chairman will move Government for the transfer of the building in question to the municipal council for converting it into apothecary's quarters.

Read also plan and estimate for Rs. 700 for converting the Police hospital into apothecary's quarters, submitted by the municipal overseer.

The estimate is sanctioned. The Government will be requested to transfer the building to the municipality.

Note for H.E. the Governor.

1958

With reference to His Excellency's rescript dated 2nd instant, it is submitted that the proposal is to make an outright gift of the old Police Hospital to the Adoni Municipality. The Police Hospital was abolished in 1896, and the building is not required for any provincial purpose.

I think such a gift outright is unusual and may be inconvenient. The building may be given, but subject to the condition that it will revert to the govt. when it ceases to be used for the purpose for which it is given.
