Supdg: Engr's Office,
III Circle,
Bellary 6th November /96.

From

W. B. de Winton Esquire,
Superintending Engineer,
III Circle,
Bellary.

To

The Chief Engineer,
P. W. D.,
Madras.

Sir,

I have the honour to inform you that I have on 4th instant had a conference with the Collector of Kurnool on the subject of famine relief works.

2. He states that distress is imminent in many portions of the Kurnool District and that relief works will probably have to be started in the near future in 3 Talugs at least.

3. Under section 109 of the new Famine Code, this Department has to execute not only major works but also minor works which would in general be executed by the Revenue Department. In addition to this, the Collector informs me that in the period of scarcity which occurred in

The Supdg. Engr. III Circl

No. 4044 C d/12.11.96

in 1891/92, a special Executive Engineer was appointed to this District to supervise Local Fund works, and he anticipates that such a course will again be necessary, as, more especially in Koilkuntla Taluq Famine relief works will take the form of improvements to existing roads and the construction of new roads.

4. The extra work in the Kurnool Cuddapah Canal entailed by famine relief works will fully occupy the time of the present Executive Engineer of the Division, and I therefore wish to bring to your notice that it will probably be necessary in the near future to appoint a special Officer for charge of Famine Relief Works in Kurnool District, other than those connected with the Canal, and to give him a staff of at least four upper subordinates.

5. I have today applied by telegram to the Chief Engineer for Irrigation for the immediate appointment of the Tank Restoration Party promised from end of December, to prepare estimates for irrigation works in Pattikonda, Koilkuntla and Sirvel taluqs, where distress is most imminent, and I trust there will be no delay in sending it.

Orders issued.

I have the honour to be,

Sir,

Your most obedient servant,
(By Order)
T. Sivākamiah
Manager-
Superintending Engineer's Office
III Circle.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

Read—the following paper :—

From A. R. BECHER, Esq., Officiating Deputy Secretary to the Government of India, Public Works Department (Account—General), to the Secretary to the Government of Madras, Public Works Department, dated Calcutta, 15th December 1896, No. 139 A.—G.

The Governments of Madras and Bombay (General and Railway), Bengal, the North-Western Provinces and Oudh, and the Punjab.
The Chief Commissioners of the Central Provinces, Burma, Assam and Coorg.
The Resident at Hyderabad.
The Agents to the Governor-General for Central India, Rajputana and Baluchistan.
The Director-General of Railways.
The Consulting Engineers to the Government of India for Railways, Calcutta, Lucknow and Assam.

The following is forwarded to Local Governments and Administrations for information and guidance.

Enclosure.

From the Government of India, Public Works Department, to the Accountant-General, Public Works Department, dated 15th December 1896, No. 138 A.—G.

I am directed to request that you will issue instructions to Examiners of Public Works and Railway Accounts to open on the books of the Public Works Department the head "33. Famine Relief."

2. The existing practice under which expenditure on works specially ordered to be charged to the head 33. Famine Relief was transferred to the Civil Department for adjustment will now cease, and all such expenditure will be finally recorded in the departmental accounts.

3. The expenditure under the new head should, as far as possible, be sub-divided as follows :—

33. *Famine Relief—Works in charge of Public Works Department.*

I.—Railways.

(Survey expenditure and land charges to be debited to ordinary heads.)	Classified by railways under the main and sub-heads prescribed for railways in Appendix II, Volume II, Public Works Department Code.

II.—Irrigation Works.

Imperial, Provincial or Local.

(*a*) Construction of Protective Irrigation works.	Classified by canals under departmental, main and sub-heads prescribed for Irrigation works. (Appendix II, Volume II, Public Works Department Code.)
(*b*) Minor works and Navigation.	
(*c*) Working Expenses—Major Irrigation works.	
(*d*) Capital Expenditure—Productive Irrigation works.	

III.—Civil works.

Imperial, Provincial or Local.

	Classified under service, departmental, main and sub-heads prescribed for Civil works in Appendix II, Volume II, Public Works Department Code.

I may add that the rules laid down in Public Works Department Code, Volume I, Chapter IX, paragraphs 104 to 108, and note 167 on page 689 of Volume II of the Civil Account Code regarding the adjustment of famine relief expenditure, will also be modified very shortly, and will prescribe that the whole cost of all public works for which Capital and Revenue Accounts are *not* kept and which are undertaken directly as relief works, shall be charged to the new head in the Public Works Accounts instead of only the excess over normal value, and that this may be arranged for in anticipation of orders.

Order—No. 3684 W., dated 23rd December 1896.

Communicated to officers and departments concerned.

Order

CAW

This order appears to relate to certain remarks made by the Board of Rev: on the subject of the S.E.s action with regard to the Chinnatambalam tanks in connection with the work being started for famine relief purposes – It seems therefore to me to belong to W. I have no recollection of the remarks referred to – If you know nothing about it I will send it to Madras for papers.

REVENUE DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following Proceedings of the Board of Revenue, Rev. Sett., No. 4725 Mis., dated 30th June 1897, on the following letter from the Collector of Bellary, dated 22nd June 1897, No. 3789 Dis.:----

Adverting to the statement regarding the Chinnatambalam tank in my fortnightly narrative for the 2nd. fortnight of May 1897, I have the honour to forward herewith extract of para 1 of Executive Engineer's letter No. 4894 B., dated 16th June 1897 from which it will be seen that he was wrong in stating to me that the Superintending Engineer directed him t start the work~~s~~. The Superintending Engineer appears to have approved of his putting the work in hand in anticipation of my sanction, but he did not direct him to do. The work was not suitable for the employment of relief workers, and I have not at present included it in my programme.

(Enclosure)

Extract from letter No. 4894 B., dated 16th June 1897, of the Executive Engineer, Bellary, to the Collector of Bellary:---

"With reference to your No. 2179, dated 9th June 1897 I have the honour to report that I regret that para 1 of this office No. 3577 B, was badly worded and no doubt conveyed a wrong impression to you. I should have said 'the Superintending Engineer has approved of the estimate and has approved of my putting the work in hand in anticipation of your sanction'

Resolution:-----

Communicated to Government in contimuation of Board's Proceedings No. 435 dated 14th June 1897 It is requested that the remarks on the subject of the Superintending Engineer's action with regard to the Chinnatambalam
