NOTE BY TECHNICAL SECTION.

Name of work. Road from Palacole to Akurda, in the Godavari District.
Amount of Estimate Rs 7,700.

The estimate under review, amounting to Rs 7,700, provides for improving the road from Palacole to Akurda in the Godavari District. In the report accompanying the estimate, it is stated, that the Palacole Akurda road for the first 7 miles is lower than the M.F.L. of the drainage water which periodically swamps the country through which this road passes. The estimate therefore provides for raising & widening the road where necessary & for turping the embankment throughout on both sides to make it a fair weather road.

The formation width of the road proposed is 21 feet with side slopes $1\frac{1}{2}$ to 1. No provision has been made for metalling and graveling.

W
Instead of this makeshift, a permanent road with cross drainage works would appear necessary.

I think the estimate
by L. Section,
15/7/97

something, this it is stated, will
be taken in hand when funds
admit.

The rates are fair.

It is not understood why
compensation to the extent of Rs
413 for 10.31 acres, should be
paid for temporary occupation.
If the land proposed to be taken
up is for the road, then it
should be taken up permanently.

The levels & estimate have
been submitted by the Pres.
ident. Dir. Board and
passed in Dir. Board Pro-
ceedings dated 29th May 1897.
