From C. W. WOOD, Esq., Executive Engineer, West Coast Division, to the Superintending Engineer, IV Circle, dated Calicut, 8th July 1897, No. 402 S.E.

I have the honour to inform you that the Revenue Department is willing to carry out petty repairs to the Deputy Tahsildar's office at Tangasséri in 1898-99 and future years out of the lump sum grant for repairs placed at the disposal of that department. Although the building is constructed on the standard plan, it would not be worth while to have the petty repairs carried out by the Chief Engineer, Travancore, as we have to pay 23 per cent. establishment for all works carried out by the Travancore State. An estimate for Rs. 176 has been sanctioned for repairing the above-mentioned building, but the Collector states that he cannot spare any money out of his grant for this year. I therefore request you will arrange to place Rs. 176, through the Accountant-General, at the disposal of the Collector of Malabar, out of the lump sum grant of Rs. 7,000 of this division under Provincial Civil Buildings—Repairs.

No. 382 W.

Copy forwarded to the Chief Engineer, Public Works Department, with a request that he will be good enough to obtain the sanction of Government to the transfer of grants proposed by the Executive Engineer.
