18th June 1897. Secretary to Government.

Copy of letter from the Collector of South Arcot, to the Executive Engineer, South Arcot Division, dated 3rd July 1897, No. 525 Eng.

With reference to your endorsement, No. 730 M., dated 18th May 1897, on letter from the Inspectress of Girls' Schools, Southern Circle, I have the honour to state that the Sub-Collector is of opinion that, when the new taluk cutcherry at Tiruvannámalai is ready for occupation, the present old building should be reserved for (*a*) the special Bench of Magistrates to be appointed in that municipality, (*b*) the Municipal office, and (*c*) the Post office.

2. I am of opinion that the building being Government property, Government departments have preferential claims to it and that, as both the Postal and Educational departments seem anxious to occupy the old building when it can be vacated by the Revenue Department, those departments should be considered before the local municipal council, which will have to make other arrangements for its office. The proposed Bench of Magistrates can have the use of the Stationary Sub-Magistrate's court in the new taluk building when ready as elsewhere; and the old building may be handed over to the Postal and Educational departments. This building is quite large enough for both a post office and a girls' school, and slight alterations would render it quite convenient for both. I am therefore of opinion that a portion of the building may be made over to the Educational Department and the other portion to the Postal Department, as soon as the new taluk cutcherry is finished. The approval of the Director to the location of the girls' school in this building without reference to the Revenue authorities was, to say the least, premature.

No. 518 S.E.

Forwarded to the Superintending Engineer, V Circle, for favour of orders, with reference to his endorsement, No. 237 S.A., dated 25th June 1897, returned herewith with its file.

2. The old taluk cutcherry will be vacated soon after the new one is completed.
