FURTHER PAPERS.

From John Inglis Esq Executive
Engineer, Trichinopoly Division to
the Superintending Engineer VI
Circle, No 161. S.E. dated 25th May 1897

I have the honor to inform you that under G.O. No 411. W dated 1.2. '96, Block No 19 and 20 of the European Infantry Bomb. proofed Barracks were transferred to the Salt and Abkari Department. The Deputy Commissioner of Salt and Abkari Revenue having applied for block Nos 21 and 22 which were vacant in lieu of blocks No 19 and 20, apparently owing to some inconvenience, I have, Subject to your approval, and sanction of Government, allowed him to do so. Under these circumstances I request that the sanction of Government may be obtained for the transfer of blocks 21 and 22.

No. 951. T.C
28.5-97

The transfer blocks No 19 and 20 to the Salt and Abkari Department having

having been sanctioned so long ago as February 1896, the change now proposed is not understood. Have not these blocks been occupied during the last year? What is the reason why the original arrangement cannot be carried out?

A proper explanation should be forthcoming for the information of Government.

From John Inglis Esq, Eye-
cution Engineer, Trichinopoly Division,
to the Superintending Engineer, VI
Circle, No. 270. S.E. dated 9th July 1897.

With reference to your en-
dorsement No. 951. T.C. dated 28th
May 1897, (herewith returned), I have
the honor to state that the blocks
Nos 19 and 20 were occupied by the
Salt and Abkari Department last year
but the reason for the change was
that the Manager and others of the
Salt Office complained about the
occupants of Blocks Nos 21 and 22,
making an improper use of the veranda
of the Salt Office at nights and that
they were very much inconvenienced
in communicating with their sub-
offices located on the opposite side
especially during rainy weather
and the change proposed had therefore
be accepted.

pendence, is submitted to the Chief
Engineer P.W.D, with a request that
under the circumstances, formal
sanction of Government may be
obtained to the transfer of block
Nos 21 and 22 in the European In-
fantry Bombproof barracks to the
Salt and Abkari Department in
lieu of block Nos 19 and 20 sanctioned
in G.O. No 4115 dated 18th February '96
