① B.N. 869W 9.4.95

“ “ 669 “ 1st April 1895.

Read also the following paper:—

From the Inspector-General of Police, Madras, No. 2531, dated 3rd July 1897:—

With reference to G.O.No.669, Judicial, dated 1st April 1895, in which the Government directed the Public Works Department to issue ~~for~~ orders for the preparation of plans and estimates for adding two wards to the sub-jail at Vaniembadi in Salem District in order to give the Police more room there, I have the honour to say that owing to various officers having suggested modifications in the proposals then made nothing has been done.

2. I have recently visited the place and I consider that the ~~T~~ Town should have a proper Town Police. It is a Municipality and contains over 16,000 inhabitants. It is a very busy trading centre and a particularly ill built dirty place. It contains a very large population of lubbeys and Muhammadans who are continually inclined to give trouble. It is a place where certainly the importance of the Town, its ~~size~~ size and the character of its population demands a regular town Police.

3. The Government will no doubt be unwilling at present to increase the police force or spend money on the

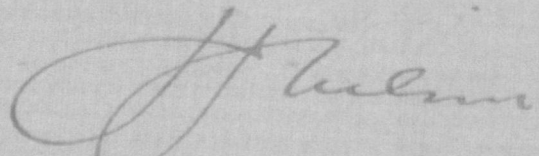

building of a new station. I however saw a site in the middle of the town which is excellently adapted for a station house. It is valued at Rs. 834 and unless taken up, will soon be built over and become more valuable than it is at present. It would be a great advantage if the site, of which I enclose particulars, with a very rough plan of the town, could be taken up and a station built on it when funds are available. If this is done, then the orders issued in the G.O. above referred to may be cancelled and matters may be allowed to go on as at present until a new station can be built. If a new station is built in the town, no addition will be necessary to the present sub-jail. I should be obliged therefore if the Government could direct the acquirement of the site in the town and at the same time cancel the orders as regards the additional wards in the sub-jail. When the present financial pressure has passed away, a new Town station should I consider be built in the town on the site now proposed.

G. O. P. W. R.:-No. 1015, dated 16th July 1897.

The Inspector-General's proposals are approved and the Collector of Salem will be requested to submit, for publication in the Port St. George Gazette, the necessary draft declaration for the acquisition of the land in question.

2. G.O.No.669, Judicial, dated 1st April 1895, is hereby cancelled.
