READ—the following papers :—

From A. G. CARDEW, Esq., M.A., Inspector-General of Prisons, to the Chief Secretary to Government, dated Camp Madras, 18th May 1897, No. 1216 C.

At the request of the Superintending Engineer, III Circle, I have the honour to transmit, for the approval and sanction of Government, a plan and estimate amounting to Rs. 3,760 for reroofing, with Mangalore tiles, certain buildings attached to the District Jail, Bellary, which have been countersigned by me. A copy of the Superintending Engineer's letter, No. 666, dated 1st May 1897, is enclosed. The work seems to be really one of repair, though classed under Public Works rules as a new work, owing to the change in the character of roof adopted.

No. 1150, Judicial.

Approved and transferred to the Public Works Department for execution when funds are available.

31st May 1897.

(Signed) W. FRANCIS,
Ag. Under Secretary.

Copy of letter from H. E. CLERK, Esq., Executive Engineer, Bellary Division, to the Superintending Engineer, III Circle, dated 19th July 1897, No. 5943 B.

With reference to your memo. No. 1714, dated 19th June 1897, I have the honour to submit as follows :—

(a) *Dismantling the existing roof.*—The schedule rate of As. 8 is simply for lifting and removing the tiles alone, but in the present case the whole roof had to be removed, viz., tiles and reepers. Hence a rate of Re. 1 was allowed.

(b) *Pinewood ceiling.*—Schedule rate is Rs. 16-8-0, but owing to fluctuation in the rate for pine planks, Rs. 17 was allowed.

(c) *Relaying existing tiles of store-room.*—The schedule does not provide for this item of work. The present roof of the store-room is of Mangalore tiles which had to be entirely removed and relayed with the necessary screws to prevent them from being blown off. Hence a rate of Rs. 4-4-0 was allowed.

As regards the lump sum provision of Rs. 50 for bringing certain roofs to one level, I have the honour to state that the walls had to be raised for this purpose; payment, of course, being made on actual work done,

No. 2474 W.

Forwarded to the Chief Engineer, Public Works Department, with reference to his memo. No. 2900 C., dated 16th June 1897, the enclosures of which are herewith returned.
