g papers :—
Irrigation.

Superintending Engineer, II Circle, dated 15th December 1897, No. 2584 K.
No. 310 I.

Note by the Chief Engineer for Irrigation.

In the above letter, the Superintending Engineer, II Circle, intimates the dates he proposes for the usual closure of canals in the Kistna delta during 1898 for the purpose of silt clearances, and states that the Collector has approved the dates.
2. With regard to the canals of the Penner and Sangam anicut systems, the Executive Engineer is of opinion that their closure on fixed dates discourages second-crop cultivation and that when clearance is required in any channel, a notice can be published in the District Gazette notifying its closure. The Superintending Engineer was asked to consult the Collector in the matter and report the result.
3. The dates proposed for the closure of canals in the Kistna delta may be approved.

22nd December 1897.

ORDER—No. 1 I., dated 4th January 1898.
Ordered that the following notification be published in the Fort St. George Gazette until 1st June 1898 :—
