GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Irrigation.
Account.

READ—the following papers:—

From W. C. DEMORGAN, Esq., M.I.C.E., Executive Engineer in charge, I Circle, to the Chief Engineer for Irrigation, dated Dowlaishweram, 12th January 1898, No. C./1.

I have the honour to request that you will be good enough to inform me whether any further funds are available under 43. Minor works and Navigation—Works for which Capital and Revenue accounts are kept, and if so, how much? I am prepared to spend Rs. 5,000 under Capital and Rs. 5,000 under Revenue in the Ganjam minor rivers system before 31st March next.

2. A large number of estimates have been sanctioned for improving this system, and more are coming in; but as will be seen from the progress report for November 1897, the grants under Capital and Revenue account of the system have been completely worked out.

3. This is the season for work, and if funds are placed at my disposal, I can take advantage of it. I have therefore the honour to request that you will let me know by wire whether I may expect any further grant.
