Copy of letter from the District, Ref.No.291/ Agency of 1897,dated 16th March 1898:-

In G.O.No.493,dated 5th April 1897,it was ordered that for the Special Assistant Agent's residence, out-houses and office,walls with brick in mud and thatched roofs should be provided for in the estimate. The Superintending Engineer 1st Circle now enquires whether the record room should not be built separately from the office, with a tiled roof and with walls of stone or brick in mortar. In his opinion a record room should be built with brick or rubble in mortar walls and a tiled roof to avoid risk of fire and I agree with him. I have the honour to solicit the orders of Government.
