<u>Note.</u> The two subdivisions now in existence in the Light House Divn are for the Point Divi & Monopod Lt. House. Plans & estimates for a Lt. House at Kaph Rock have been revised and are under scrutiny. When work begins, it will constitute the third sub-division. The estab. for this sub-division (one clerk on Rs 30 & one peon on Rs 8 per annum) has already been sanctioned in G.O. No. 597 W of 7.3.98, & a formal order, authorising the formation of the sub-division itself is required. The effect of the order will be to give Conductor Cope, the sub-divisional officer, a sub-divisional allowance of Rs 30 per annum after work begins. As Conductor Cope will require a peon for survey work, it is proposed to allow him to employ one at once. As an ordinary day, he would be entitled to a peon only 6 per annum, so that the extra cost will be Rs 2 per annum only. Conductor Cope's immediate presence in the West Coast is required to make surveys for other Light House works in connection with the Kaph Rock work.		597 W	7-3-98

Note for the Honourable Sir H. W.

By Sir K. C. J. E.

The following remarks are submitted with reference to the H. W.'s queries on draft order on P. W. Account No: 2992:-

The Light House referred to is the one at Kaph Rock or Moulki which is situated in the South Kanara District. In the Port and Marine Fund Budget for 1898-99 which has been approved by Govt., the Presidency Port Officer has provided funds for the Light House at Kaph Rock and not for that at Sacramento. It is thus apparent that the Presidency Port Officer has satisfied himself as to the necessity for the former work being under-

Kerzwell - The order can issue

taken in the current official
year in preference to the latter.

The Light House at Sacra-
mento is put down in Nov.

Ashpitel's forecast for execution
during 1899-1900.
