(4) Mr. M. R. Kharegat, Asst. Engr. 3rd Grade. This officer was appointed to the Dept. from the Royal Indian Engineering College, Coopers Hill, but being a Parsi by birth, he was declared by the Govt. of India to be not eligible for exchange Compensation allowance, vide your letter No

Sir,

With reference to G.O. No: 491 dated 24th June 1897 recently communicated to me under your No 4184 dated 8/8/97 I have the honor to forward herewith for favour of your perusal a copy of my letter dated 9/12/95 to the Ex: Engineer

The result of this was a G.O. India. The only claim I can now have to the Designation of ~~the~~ 'Native of India' ~~is~~ is from the fact of my birth having taken place within the Dominions of Her Majesty in India ~~If~~ This may be clearly seen from the definition in para. 4 of resolution of the Govt: of India dated 31/5/97 But if this one claim were sufficient then every one born of English parents in India– would be so Designated This point being settled, then I think that it can Easily be seen that I come Under Para 5 Clause 1(b) an the Corresponding port

Sir,

Would you kindly afford me information as to whether I shall be Eligible for Exchange Compensation allowance Under the following Circumstances:—

I was born in Bombay in 1871, of Parsee parentage ~~parentage~~, and taken to England in 1875. From the time I reached England in 1875 until the 25th October 1895 (on which date I Embarked for India) I lived Continously in that Country. Hence nearly twenty years of my life have been spent there.

Being only four years old when I left this Country, and having been Educated among associates Entirely European, I have as must naturally

naturally happen, become insensibly attached to European ideas, customs and habits consequently entailing a certain Expenditure of my salary in England In fact I claim that my Domicile is in England.

I would further add that my father also has been Domiciled in England for the past twenty two years, in which Country he is still resident.

Sir,

3 Enclosures.

I have the honour to forward, in original, a letter with enclosures, received from Mr. M. R. Khareghat, assistant Engineer, 3rd grade on the subject of his title to exchange compensation allowance, and I request that you will be good enough to obtain the orders of Government thereon.

2. Mr. Khareghat claims the allowance on the following grounds.

(1) That although born in India of Parsee parents

the latter emigrated to England taking him with them, four years after his birth, and have lived in England eversince.

(2) That he has therefore been, since his fourth year, practically a European, brought up amongst Europeans, with their manners and customs, and has, consequently, now that he has returned to India, expenses in connection with his manner of living which involve remittances to England.

(3) That he is not a 'Native of India' as defined in Para 4. of the Resolution of the Government of India published with G. O. no: 2,059 W. dated 29. 7. 97.

(4) That he was appointed as a European to a department

Department in which a proportion of Europeans is held to be indispensible.

3 I certainly think that Mr. Khareghat and his parents are, in the light of the above facts, to all intents and purposes Europeans, with a European domicile; that he is not a 'native of India' as defined in Para 4 of Government of India Resolution; and that if the spirit of the rules is followed he is entitled to exchange compensation allowance.

Ootacamund,
Dated ~~Madras~~, 12th October 1897.

In G.O.No.491 Financial, dated 24th June 1897, departments of the Secretariat were requested to submit proposals for completing the lists of offices, services or departments falling within the categories (a) and (b) mentioned in para 5(1) of Government of India Resolution Finance and Commerce Department No.2422 Ex. dated 31st May 1897, containing rules for the grant of Exchange Compensation allowance.

2. The categories (a) and (b) relate to officers appointed in India to (a) offices in which European qualifications are held to be indispensable or (b) to services and departments in which a proportion of Europeans is held to be indispensable.

3. The only offices under the control of the Public Works Department falling under the above categories, and not already provided for by the rules, are

(1) the Inspector of Steam Boilers and Prime Movers. This belongs to the class of appointments defined in para 7(2) of the Resolution, and should be included, it being an office in which European qualifications are indispensable; and

(2) the appointment of Chief Assistant in the Marine Department. It is thought that this appointment is one of those referred to in para 11 "which in the public interest must at present be held by an European". The incumbent of this appointment is entrusted with duties of a highly

In the Salary bill for July 97 the Examiner disallowed the Exchange Compensation allowance claimed for Sergt C. J. Smith to the extent of that drawn on the difference between his staff Salary at Overseer 2nd grade and his Military pay allowing only that on the difference between staff pay as overseer and his military pay. On enquiring as to the ground on which this was done the Examiner quotes Rule XIII of the revised rules.

This rule however specially refers to officers who would not be admissible under the rules but who were previously in receipt of the allowance and who are allowed to draw it to the extent of their salaries on the 1st April 1897

3. It appears to me, however, that in thus assuming that Sergt. J. Smith holds an appointment to which the allowances is inadmissible the Examiner is in error from the fact that Sergt. Smith is a British soldier appointed to the Department not by competition Examination from the Engineering College but on qualification. I presume that this method of appointment is in order to keep up a certain proportion of Europeans in the Subordinate grades of the Department and therefore that in these grades is Considered indispensible.

4. I forward the case

Sir,

I have the honor to invite your attention to Government of India Finance and Commerce Department resolution No. 2422 Ex, dated 31st May 97, published in the Gazette of India laying down revised rules for the grant of exchange Compensation allowance, and to state, with the approval of the Government of India, that until the lists of appointments referred to in paragraph 6 of the resolution are finally settled the charges for exchange Compensation allowance of officers appointed in India and who were granted the allowance under past rules, should in the cases of all those receiving an increase of salary subsequent to the 1st April 97, be admitted only to the extent of the salaries they were drawing on that date.

This does not apply to the officers entitled to the allowance under paragraph 7. clause (2) of the resolution.

Your O.N.No.4432 C dated 29th October '97

There is in my opinion, an element of doubt in the matter for, although Sergeant Dillon appears to fall under para 5 (I) (a) if no 5 (I) (b) of Government of India Resoluti No.2422 Ex dated 31st May 97, yet it woul appear that, as he is an officer holding a subordinate appointment and was appointe in India, his claim to Exchange compensatio allowance under the new rules should not be admitted unless and until the lists referred to in para 6 when approved by the Government of India shew Sergeant Dillon and others similarly circumstanced to be entitled to the allowance. Please also see para II.

2. It would, moreover, appear by inference from Accountant General's P.W.D. circular No.XVI of 1897 (copy attached) which applies to para 7 clause (4) of the Resoluti that his claim is a doubtful one.

3. Please also see my O.N.No.853 dated 6 Nov forwarding, in compliance with GO.No 2490 date 25 October 97, a list of doubtful cases of men who

The memorial of Samuel Hearne Sub-Conductor in H M British Army & Supervisor in the P. W. D. Madras Presidency respectfully Sheweth.

(1) That on the issue in August 1893 of the first set of orders for the grant of the Exchange Compensation allowance, Your Memorialist feeling so absolutely certain of his title to it, immediately submitted his claim to the allowce. It was, in the first instance admitted but subsequently disallowed for reasons not yet communicated to your petitioner. The last stage of the question, so far as your Memorialist's knowledge extends, was a call in 1895 by the …

Govt. of India for certain information (vide annexure AA) which was furnished in full in your memorialist's No. 477 d 28 March 1895 (annexure BB)

(2) That your memorialist while feeling the hardship of the suspension of the allowce. for so long a time, disavows all intention of making the delay the ground for complaint, as he is aware that the whole question of the proper grant of this allowce. became surrounded with such numerous difficulties as to practically necessitate a reconsideration by the Govt. of India & the Home Govt. of the whole question.

(3) That your memorialist who is now on special duty for 12 months in England, has recently seen the latest orders of the Govt. of India on the subject as contained in their Reso. No 2422 Ex d 31st May 1897 in the Dept. of Finance & Commerce, & respectfully begs that

in the light of these orders his claim already preferred, may be dealt with at an early date & orders issued for the payment of these allowances with retrospective effect from the date of their disallowance.

(4). That your memorialist would again urge in support of his claim that he is of pure European parentage, being born of parents who were not habitually resident in India but were established there for temporary purposes only and even the latter was a result of the exigencies of the Public Service. Your memorialist's father was born, educated, and eventually enlisted in the British Army in England, he was married in India to one of pure European parentage who similarly had been born & brought up in England & your memorialist's father served in two British Cavalry Regiments, the 12th & 17th Lancers, both of which were under the Crown & not in the H. E. I. C.

and he continued to serve as a British Soldier in the 2nd of the Regiments named until his death in India in 1860. His War Services consisted of the Crimea and the Indian Mutiny.

(5) That your memorialist was born in India while his father was serving with H.M.s Colors but he would respectfully represent that this accident of his birth abroad & not in the Homeland should not be held to denationalize him. It was the exigency of the Public Service that brought your memorialist's father to India & but for this exigency he would have been born in England or wherever else the Regiment was ordered abroad. Your memorialist was born in a British Regimental Barrack, was brought up in the midst of all the surroundings & traditions of the British soldier, was educated in the Regtl school & finally enlisted in the 8th

the age of 14, and without seeking any outside employment, as Soldiering was regarded by his people as the proper career for all the Sons of the family while the girls hoped to, and as a matter of fact did, become the wives of British soldiers. The interests of the whole family were bound up with those of a British Regiment.

(6) That your petitioner served for 5 years with the Colors before electing to be sent to the Engineering College, Madras, with a view to being rendered qualified for employment in the P.W.D. as he found that advancement in the Regiment was not as rapid as he could wish.

(7) That in the light of the foregoing facts it is absolutely an erroneous, employment of terms to designate your memorialist "a Native of India". Be

Your memorialist is a

your memorialist must,
with all due respect,
demur to his being clas

this quite apart from
any consideration of th
allowance which he
now solicits

by the terms of his contr

which bringing up in

will enable them to prolong

(10) That your memorialist is
now on 12 months special

been deputed by the Govt.
of Madras to study the
System of Electric Lighting
and that when the
intention of the Madras Govt.
to make this deputation
became known, your
memorialist at some

substantial pecuniary loss immediately offered his services & his action may be regarded as collatera evidence that he regar England as his Home as no native of India would have courted what would have been to him practical exile.

(11) That at the present stage of your memorialist's career, pension being still remote it is premature to make any declaration as to where he intends to settle but his present intention is that his future home will be South Africa but in any case it will not be India which is yet another proof that your memorialist does not regard India as his home.

(12) That your memorialist would urge, in conclusion, that his claim may be received in a broad, liberal, spirit & without regard to any rigid technicality that may

Your memorialist & his father before him, not to go further back, have borne their share of fighting their Sovereigns' battles, under the old flag, & your memorialist would cheerfully & proudly resume his position in the fighting line again did but occasion require it; & it seems inconceivable that your memorialist's family and personal records being as already explained, he should by the denial of the allowance have (what he considers) the stigma attached to him of being put down as a "native of India". He ventures to submit that Public Policy demands the recognition of cases like those of your memorialist as falling within the scope of the rules & your memorialist hopes & believes that his case will be received favourably & he sh[illegible]

GOVERNMENT OF MADRAS

~~Order~~ Govt. CURRENT No. 3688

Regd. 22.11.97

Transferred to the Financial Dept., with reference to para 2 of G.O. No. 491 Fin. dated 24th June 1897, and to G.O. No. 809 Fin. dated 30th Sept. 1897.

2. The cases of Mr. J.C. Johnston, Ex. Engr. and Mr. J. Henning, Asst. Engr. were mentioned in this office memo. No. 1653 D dated 12th Oct. 1897. The cases of the military upper subordinates mentioned in this note from the Examiner, from Lieut. Bragg to Sergt. C.J. Smith, appear to fall under para 7(4) of Govt. of India Resolution No. 2422 Ex. dated 31st May 1897.

3. Mr. J.W. Walsh, Supervisor, entered the P.W. Dept. as a soldier, but he took his discharge from the army, and remained in the Dept. as a civil upper subordinate. His case is now a doubtful one and requires consideration. Mr. J. Willis entered the Dept. as a civil upper subordinate, & was granted the allowance under the old rules, on the ground of being an European.

4. Mr. C. Dawson, Storekeeper, was granted the allowance as an European under the old rules – this case is also now a doubtful one, under G.O. No. 809 Fin. dated 30th Sept. 1897.
