Proceedings of the Board of Revenue

(Separate Revenue.)

Dated 24th November, 1897.

Mis No. 5154

Read again Board's Proceedings Mis No. 2957 dated 10th July 1897 informing the collector of Malabar that the addition and improvements proposed for the warehouse attached to the Sea Customs House at Cochin must lie over till some experience has been gained of the extent to which the warehouse is used.

Read also the following letter from the collector of Malabar Ref on C No 8⁵⁰ dated 9th November 1897.

"In reply to Board's Proceedings dated 10th July 1897 Mis No. 2957, I have the honour to state, after a personal inspection that the extension of the wharf of the Cochin Sea Custom House is in my opinion very necessary. In the plan herewith resubmitted it is stated by mistake that wall

a wall is proposed to be put up along the backwater. It is only proposed to extend the wharf.

2. Land is so valuable in Cochin and the tendency to encroach so irrepressible that it is very desirable to build walls on the South and West of the warehouse.

3. I would recommend that, if there is any difficulty about finding funds for the walls, the proposed wharf with the necessary tackle may be constructed as soon as possible. The Sea Customs Superintendent estimates that it will cost about Rs 2000. But his estimate is in my opinion excessive."

Resolution

Submitted to Government with the request that orders may issue in the P.W. Department for the preparation of the necessary plan and estimate for the extension of the wharf at Cochin including the construction of the walls.
