From Supp Engr. II Circ, no 161 XL, 417 Jan 1917
READ the following
note by the Chief
Engr for Disposition.

The Supp Inf, D. Arch, brings to notice that two merchants of Ellore who rented canal berms for stacking timber have not paid the rent due by them & requests permission to file a suit in the District Munsiff's Court of Ellore for the recovery of the amounts due. As it is represented that some difficulty has hitherto been experienced in collecting the rents of all plots & as foregoing unadjusted claims will merely prepare the way for

1. Sure.
2. Would it not possible in future to take payment of rents in advance? Non. pay-
ment could then at once be followed by settlement, and these petty, but troublesome suits would be avoided.

future similar difficulties,
the institution of the
suggested suit may
exercise a salutary
check on the indifference
of renters in settling
their accounts.

Order thereon. *120 11-2-98*

The Supp Eng. II
Crisch is authorized
to file a suit at the public
expense for the recovery
of the amounts due.
The result of the suit
should be reported
in due course for the
information of Govt.

2. The Supp. Engineer should consider
whether it would not be possible
in future to take payments of rents in
advance: non-payment could at once
be followed by ejectment, and these petty,
but troublesome suits would be avoided.

Copy of a letter from J. S. Wilson Esq.
 Ex: Engineer Kistna Eastern Division
 to the Superintending Engineer II. Circle.
 No 405 dated 16 December 90

I have the honor to forward herewith a file of papers regarding certain sums due from 2 merchants of Ellore for canal beam rents, and to request your permission to institute suits against them in the District Munsiff's Court Ellore for the recovery of the money. It has always been a somewhat difficult matter to recover the rents of all plots and not long ago the Superintending Engineer ordered certain sums to be written off the accounts. I think however that the wavering of such claims merely prepares the way for future difficulties and therefore suggest the institution of suits in the 2 cases

now

now under reference. The Sub Division
officer's letter N: 308 E. dated 30
June 97 explains the circumstances
under which the amounts became
due and there will, I believe,
be no difficulty in proving the
claim both from the evidence
of the Sub Division officer and
his subordinates and from records.

(to be put?)

Forwarded to the Chief
Engineer for Irrigation for favour
of sanction of Government being
obtained to file suit in the
District Munsiff's court of Ellore
against the merchants who occupied
canal berms on account of
timber plots without paying the
rents.
