Extract ~~copy~~ of G.O. No. 1869 Financial dated 13th August 1884. Read in Board's Proceedings No. 3088, 3rd September 1884.

In September last, the Director of Public Instruction submitted proposals for transferring Government Middle Schools to the management of Local Fund Boards. These bodies have been consulted and nearly all agree to the proposal. Those who raise any objection do so merely on financial grounds, and have ignored the fact that it will be in their power either to render the Schools self-supporting or to close them.

2. His Excellency the Governor in Council resolves therefore that the transfer shall have effect from the ~~fir~~ 1st October next. Provincial Funds will continue to pay grants for the teachers under the Grant-in-Aid Code, and the School buildings will also be transferred rent-free with the furniture, apparatus & school books free of charge on condition that, should the School be closed, these will be returned to Government or the value refunded. The Buildings will be kept in repair by Government.

In returning the plan and estimate for repairing the Board Middle School at Pattukottai, received with your letter No. $\frac{SE}{407}$ dated 28th September 1897, I have the honor to point out that the building in question not being borne in the Register of Public Buildings in charge of the P. W. Department, it is necessary that Sanction of Government in the P. W. Department should be obtained for carrying out the repairs to it by this Department. The Local Fund Department should be asked to take the necessary action in the matter.

the sanction of Government in the Public works Department for the repair of the same under the circumstances stated.

2. The old Taluq Cutcherry building at Pattukottai was handed over to the Educational Department for the location of the Taluq School in the year 1875 under sanction of Government communicated in Board's Proceedings 8841 dated 29th September 75. Thereupon, a Middle School was started therein at the cost of Government and it remained till 1884 when this and all other Government Middle Schools in the Presidency were, on the motion of the late Director of Public Instruction, transferred to the management of the late L. F. Boards under Government order No. 1869 Financial, dated 13th August 1884 subject to the marginally noted condition. After the abolition of the late Negapatam circle Board in 1884, the management devolved on the Tanjore District Board till 1886-1887 when it was transferred to the Pattukottai Taluq Board.

The school building will also be transferred rent free with the furniture apparatus and school Books free of charge on condition that, should the school be closed these will be returned to Government or the value refunded. The buildings will be kept in repairs by Government.

A

J

3. The building has not up to date been repaired. Consequently it stands in urgent need of repairs. The executive Engineer Negapatam Division was requested by me to arrange for its repair at the cost of Government in pursuance of the terms of condition of transfer of management of the school by Government to L. F. Board as laid down above. That officer has framed an estimate for Rs 420 and submitted it to the Superintending Engineer for his approval. Where upon, the latter has, in his letter no 319 dated 10th October 97, returned the same on the ground that the building in question is not borne in the register of Public works in charge of the Department of Public works, and as such, the sanction of Government in that branch is necessary to carry out the repairs.

4. Under these circumstances, I request that you will be so good as to obtain the sanction of Government for the same at your earliest convenience.

Endorsement from the Local and Municipal Department, No 1310 dated 14-12-97 on letter from the President District Board, Tanjore No 1254 dated 29-11-97.

Referred to the Financial Department for consideration as to whether the repairs to the school building in question might not be carried out by the District Board from funds to be supplied by Government from the grant for "petty construction and repair".

2. Civil officers of Government occupying public buildings not specially in charge of The P. W. Department, are required to carry out works of petty construction and repair costing not more than Rs 1000, and it is thought that the repairs to the school house at Pattukotta might in the same way be carried out at Government expense by the District Board, which having Engineering agency at its disposal
