With reference to your
Excellency's remarks on
the accompanying Note for
orders, I propose to leave
Mr Kelly & Mr. H. G. G. in
immediate charge of the
buildings as at present -
and in future they will
take their orders concern-
ing them from the Chief
Architect instead of from
the Secy. Comptroller
Division. I do not
anticipate that any serious
difficulty will arise from
this arrangement, or indeed
any difficulty at all. If such
does occur it will be
necessary to appoint a

Chief

with that of the

FOR ORDERS.

This proposal is offered.

The only question which suggests
itself is, - What Officer of the P.W.D.
will be responsible for petty or
urgent repairs? Or in other
words, who will take Mr. Kelly's
place?

A.H. 4.5.95

I propose to transfer the
above building and all
out houses connected with
it from the Comptroller's
Division to the Consulting
Architect's Division for the
following reasons.

- (1) To secure uniformity of
treatment in the three
Govt houses of the Resi-
dency.
- (2) Mr. Harris is a specialist
in such matters as the
buildings will undoubtedly
be benefited by being under
his charge.
- (3) The Consulting Architect's
work is light compared
with that of the Resi-

Engo Combe who
has rather more to do than
he can manage.

(4) The contemplated addition
to Govt House, Port Moresby
certainly be carried out
by the Eng. Architect, & it
would be well for him to
have the whole building
under his charge.

(5) The charge proposed will
ensure an improved
condition of the buildings
at less cost.
