From O. C. LEES, Esq., Under Secretary to the Government of India, Public Works Department (Civil Works—Miscellaneous), to the Secretary to the Government of Madras, Public Works Department, dated Calcutta, 3rd February 1898, No. 40 M.

In continuation of Government of India, Public Works Department letter No. 500 M., dated the 10th November 1897, I am directed to forward the accompanying statement showing the more serious irregularities outstanding at the end of August 1897 in the Accounts of Provincial Civil Works in Madras, brought to the notice of the Government of India by the Accountant-General, Public Works Department, and to request that very early steps may be taken to adjust the irregularities.

2. I am to invite special attention to the items referred to in the following remarks:—

In the case of famine-relief works in the Bellary division the excess expenditure amounts to Rs. 1,06,902. It is considered that it should have been possible to prepare a rough estimate for providing handles to tools, &c.

The items marked A have been outstanding over a year and probably some have been completed.

For the items marked B a formal sanction only is required, and for those marked C the disposal of the completion reports will suffice to remove the irregularities.

Under 45. Civil Works—Excluded Local, there is no explanation of the delay in preparing the est mate for quarters for the lighthouse keeper, Calicut, the expenditure on which began in December 1895.

From the Examiner of Public Works Accounts, dated 28th February 1898, No. 643 B.A.

ORDER—No. 1290 W., dated 20th May 1898.

With the letter recorded above, the Government of India forwards a statement showing the more serious irregularities outstanding at the end of August 1897 in the accounts of Civil Works in Madras, and requests that very early steps may be taken to adjust the irregularities.

2. The Examiner reports that the objections to items 1, 4, 7, 21, 24, 31 and 58 have since been removed.

3. In regard to item 2, the Superintending Engineer reports that a revised estimate will be submitted very shortly, and that the delay is due to items chargeable to "Works" having been erroneously debited to "Tools and Plant." The submission of the estimate should be expedited.

4. The Superintending Engineers concerned should promptly report the steps taken for the removal of objection to items 3, 36, 63 and 64.

5. The objections to items 5, 6, 8 to 20, 22, 23, 25 to 30 and 32 to 35 have since been removed.

6. The official year 1897–98 having already expired, no distribution of grants for items 37 to 43 can now be made. The Superintending Engineers concerned will report the total outlay on each item to the end of March 1898, in view to the Examiner being authorised to admit the expenditure.

7. With reference to item 44, the Superintending Engineer, IV Circle, reports that the estimate is under disposal in his office. It should be submitted with the least possible delay.

8. The Executive Engineer, West Coast division, reports that the estimate for item 45 will be submitted within a fortnight.

9. An excess of Rs. 2,400 on item 46 has already been sanctioned, and the Superintending Engineer, II Circle, has been asked to submit a revised completion report including the further excess of Rs. 15. This report should be submitted without delay.

10. Item 47 should be adjusted as early as possible, the cost of the surplus materials having been included in the estimate for a shed at the Public Works Workshops, which has lately been sanctioned.

11. In regard to items 48 and 52, it is reported that the Sub-Divisional officer has promised to adjust them shortly. It should be stated whether this has been done.

12. The completion report for item 49 is under reference to the Superintending Engineer, IV Circle. A very early reply is awaited.

13. The explanation called for in regard to items 50 and 51 should be submitted with the least possible delay.

14. A revised estimate which includes item 53 having been sanctioned, the objection to this item should be removed.

15. The completion reports for items 54 and 55 should be submitted at once.

16. The completion report for item 56 is under consideration, and the Superintending Engineer, I Circle, has been asked to submit a revised completion report for item 57, which should be expedited.

17. As regards item 59, the Executive Engineer reports that the work has been completed; that the sale-proceeds of the surplus materials were credited to the work in January 1898; and that a completion report will be submitted as soon as the accounts of that month are closed. The report should be expedited.

18. The completion report for item 60 is under consideration. The further explanation called for in regard to item 61 should be submitted with the least possible delay.

19. The Executive Engineer, Vizagapatam division, promises to submit a completion report for item 62 as soon as information regarding the disposal of materials at site has been received from the Sub-Divisional officer. The report has not yet been received and it should be expedited.

20. Ordered that a copy of these Proceedings be forwarded to the Government of India, Public Works Department, for information.

To

The Secretary to the Government of Madras,

Public Works Department.

Calcutta, the 3rd February 1898.

Sir,

In continuation of Government of India, Public Works Department letter No.500 M., dated the 10th November 1897, I am directed to forward the accompanying statement showing the more serious irregularities outstanding at the end of August 1897 in the Accounts of Provincial Civil Works in Madras, brought to the notice of the Government of India by the Accountant General, Public Works Department, and to request that very early steps may be taken to adjust the irregularities.

2. I am to invite special attention to the items referred to in the following remarks :-

In the case of Famine Relief Works in the Bellary Division, the excess expenditure amounts to Rs.106,902/. It is considered that it should have been possible to prepare a rough estimate for providing handles to tools &c.

The items marked A have been outstanding over a year and probably some have been completed.

For the items marked B a formal sanction only is required, and for those marked C the disposal of the Completion Reports will suffice to remove the irregularities.

Under

Under 45 Civil Works, Excluded Local, there is no explanation of the delay in preparing the estimate for quarters for the Light house keeper, Calicut, the expenditure on which began in December 1895.

Letter from H. C. Clerk Esqre, Executive Engineer, Bellary Division, No 366 dated 14th January 1898 to the Superintending Engineer, III Circle.

With reference to your endorsement No 5,380 dated 10th January 1898, on G. O. No 3501W dated 15th December 1897, I have the honour to report that so far as this division is concerned, the following items have been remedied.

Item No 1 Vide S. Es. Register No 10 of 1897-98.

" 7 do 26 of 1897-98.

" 10 do 47 of 1897-98.

2. A revised estimate of item 2 will be submitted very shortly. The delay is due to items which should have gone to debit of works having been charged to Tools & Plant. The necessary adjustment is being made and when effected, the revised estimate asked for will be sent.

3. As regards items

8 Alur Hoka Road.

9 Alur Aspere Road.

12 Adoni Municipal Works.

13 Sadpatre Gellanoor Road.

I would draw attention to my remarks in objectionable items statement for July 1897, in which it was suggested that proper register numbers might be given in communication with the Presidents District Board

Bellary

Bellary and Anantapur.

1. From information received from the Presidents, sanction to estimates for the items appears to have been accorded as follows.

Alew-Moka Road-Bellary District Board
Resolution No: 2 of 7-11-96 for Rs 52,860-0-0

Alew-Asperi Road-Bellary District Board
Resolution No: 8 of 15-6-97 for Rs 24,220-0-0
also No: 7 of 3-5-97 — 15,260-0-0

Tadpatri Yellanoor Road B.P. No: 226 dated 13-8-97 for Rs 18,500-0-0

As regards Adoni Municipal Works a separate report will be made shortly.

No: 5685 W of 31 January 1898

Copy submitted to the Chief Engineer P.W.D. for information with reference to G.O. No: 3501W dated 15th December 1897.

2. The subject of sanctioning estimates for all Famine works is receiving attention and will be disposed of shortly.
