OF Land Revenue.

SIR,

With reference to Board's Proceedings N.
2427, dated 6th July 1897. Calling
for further information in Connection with
the proposal to Construct a new Taluk
Office at Mannangudi, and in Con-
tinuation of my letter, Ref. on. Cir. N.
1276 dated 25th November 1897. I
G & B have the honour to state that in Com-
pany with the Executive Engineer and
the Deputy Collector, I have again
carefully Examined the building and
have come to the Conclusion that a
new office though desirable is scarcely
necessary.

2. I enclose a plan and report prepared by the Engineer, on the lines agreed upon on our joint personal inspection from which it will be seen that the improvements and repairs necessary to turn the building into a proper office would approximately amount to Rs 1500, and Rs 750 respectively - Total Rs 2250. This is exclusive of a revised estimate for Rs 540 already submitted to the Superintending Engineer for the reconstruction of the Cook room and latrine, as the present buildings have been constructed in such a manner as to facilitate escapes from the Subjail of which there have been several.

3. I beg to request that the D.P.W. may be instructed to prepare detailed estimates.

1. Taluk at which new offices have been constructed.
1. Tanjore. 2. Kumbakonam
3. Shiyali. 4. Pattukkottai

4. I note in the margin the new

2. Taluks for which new offices have been sanctioned.
1. Negapattinam. Sanctioned in G.O. No. 2785. Mis. Com-
municated in Board's Proceedings No. 2105 Mis. 10.6.97

municated in Board's Proceedings No. 3450 Mis. 28.7.96

(LAND REVENUE.)

Read letter from J. Andrew, Esquire, Collector of Tanjore, to the Secretary to the Commissioners of Land Revenue, Madras, No. 426/Rev. of 1898, dated 8th February 1898.

-----:0:-----

Reference No. 253, dated 8th March 1898.

Submitted for the orders of Government.

2. In his letter No. 1902 dated 24th April 1897, which was submitted to Government with Board's Proceedings No. 1639, dated 6th May 1897, the Collector of Tanjore reported that ever since the appointment of a Stationary Sub-Magistrate at Manargudi accommodation in the Taluk Cutcherry building had been found insufficient for both offices, and proposed that a new and commodious cutcherry should be built. In its order No. 3242, dated 28th June 1897 Government called for a full report explaining how far the existing accommodation was insufficient and whether the inconvenience was ^{so} great as to render a new office absolutely necessary, and directed that a statement showing the places in the District in which new Taluk offices had been built or sanctioned, should be submitted.

5. Mr. Andrew now reports that in company with the Executive Engineer, and the Deputy Collector, he has again carefully examined the building and has come to the conclusion that a new office though desirable is scarcely necessary. The Collector suggests improvements and repairs to the existing building at a cost of Rs. 2250; ^{he} forwards a plan and

report prepared by the Executive Engineer and requests that the D.P.W may be instructed to prepare detailed estimates. The Board supports this proposal and submits it for the sanction of Government.

4. From para 4 of the Collector's present letter it appears that in 6 out of the 9 Taluks in the District New Taluk Offices have either been already built or have been sanctioned.
