& Crowbars which are
welded on account of
their weight. Their
conversion to standard
weights, so as to make
them available for use
in case of necessity, in-
stead of selling them as
surplus, at a loss, seems
a sound & sensible policy.

From

H. A. Moss Esquire
General Superintendent
Public Works Stores.

To

The Superintending Engineer
Fifth Circle
Chepauk.

Sir,

With reference to your No 176 P. W. S.
dated 5 May 1898 I have the honour to report that
the difference is as follows:—
Cost of new 5-lbs momaty (English value) Rupees 1-1-1.
Deduct from this what would probably be
realised by auction of heavy momaties, say Rupees
0-5-0 each (this was the best value actually
obtained in auction).
Net cost of new momaty Rupees 0-11-1.
Cost of converting heavy momaty Rupees 0-6-0.
Saving by converting instead of buying is Rupees
0-5-1 each.

I have the honour etc
(Signed) H. Moss.
General Superintendent P. W. S.
