adjoining the line of road, and gravel also, as the Sub. soil is gravelly, so that quarries can be opened right through the proposed route of road.

A few small streams are crossed by the line which can be sloped at their banks and converted into temporary road. dams, masonry body walls being built subsequently on a separate estimate.

The road will be given a top width of 20 feet with side slopes 2:1, and raised from 1 to 5 feet approximately. The metalling and gravelling will be 12 feet wide and 6" and 3" thick respectively.

Provision has been made for cutting thin jungle and removing bricky trees etc at a cost of Rs 498.

Mile and furlong stones are also provided at a cost of Rs 124.

No compensation for land is allowed, so it is presumed the road runs through

It is noted from para 4 of the Report that some part of the road runs through private land.

Government land.

Rates are in accordance with the Local Fund Schedule of rates. The estimate has been contemplated by the President and sanctioned by the Nellore District Board in resolution No 10 dated 30-4-1898.
