Remarks.

The increase in the revised
and sanctioned estimate
over the actuals is due to the
grant in 1896-97 of revenue
amounting to Rs 2,65,120 in
consequence of damage
caused by floods in the
Delta taluk and to the
favourable season so far
in the current year.
The increase in the Budget
over the revised and
sanctioned estimate
is due to the expectation
that more dry land will be
conveyed into such and that
the re-settlement of the district
will be introduced during the
year 1898-99.

The decrease in the revised
and the budget estimate as
compared with the sanctioned
estimate for 1897-98 is due
to the latter having been over
estimated. The increase
in the Budget over the revised
estimate and the actuals is
due to expansion of
irrigation under the Saka-
fali channel, Tanali taluk,
the excavation of which
is now in progress.

* Includes Rs 137,888 being the sanctioned estimate under the Periyar Project of
1897-98 for which details were not furnished by the collector.
