

Public Works (1898) Department.

G.O., No. 1536 W

DATED 20 June '98

[Despatch Abstract.]
Overseer's Shed at Udipi in the P. Canara
The demolition of the ——— and the sale of the
materials thereof, sanctioned.

S. 3. IV. Cui

I have the honor to bring to your notice that the Overseer's shed at Odippi, a thatched building built of mud walls, having collapsed bringing down the roof, the Sub Division Officer, South Canara, proposed to demolish it as it was not used for the purpose intended and as no tenants could be found for it. The annual repairs cost Rs 70 on the average every year and the investment of public funds was therefore unprofitable. To save further deterioration and loss to Government, therefore, I ordered the materials to be removed and a Survey Report showing the valuation of the materials is herewith submitted. The walls are also in a tottering state and I therefore request that in the interest of Government sanction may be obtained under code

code Vol I Chap. I para 20 (S.O. No. 258)

on receipt of orders, I shall address the
Collector in re. the sale of site in
public auction.

2. The building is borne in the
Register of Public Buildings, Provincial,
as item No. 18.
