District Munsif's Court at Shiyali

Estimate of Rs. 22,270 for constructing a — in the Tanjore district, sanctioned with remark.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

Read—the following papers:—

G.O., No. 375, Judicial, dated 5th March 1898.

Read—the following paper:—

From the Registrar, High Court of Judicature, Madras, dated 18th January 1898, Dis. No. 98.

In G.O., No. 73, Judicial, dated 11th January 1896, Government was pleased to approve of the construction of a new court-house for the District Munsif of Shiyali, and ordered the preparation of plans and estimate, and in G.O., No. 611, Judicial, dated 11th March 1897, the High Court was asked whether the site for the new court-house selected by the Collector of Tanjore was suitable. The High Court have communicated their approval of the site in Dis. No. 728, dated 5th April last.

2. The District Judge of Tanjore has now submitted the plans and estimates drawn up by the Superintending Engineer, V Circle. I am directed to forward them and to request that His Excellency the Governor in Council may be pleased to direct the execution of the work by the Public Works Department.

Order—No. 375, Judicial, dated 5th March 1898.

The compound wall provided for appears to be higher than is necessary. The Government considers that a height of 3′ 9″ or 4′ 0″ should be sufficient. Subject to this remark, the plans and estimates are approved and transferred to the Public Works Department.

(True Extract.)

(Signed) A. R. KNAPP,
for Chief Secretary.

From Colonel C. C. RAWSON, R.E., Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department, dated Chepâk, 20th March 1898, No. 193 W.

With reference to the preliminary issue of the Provincial Service budget for 1898–99 circulated with G.O., No. 486 W., dated 25th February 1898, I have the honour to point out with reference to item 73-B. Works—District Munsif's Court, Shiyali, that there has been an expenditure of Rs. 2,329 in 1897–98, owing to the Revenue authorities having taken up the land for the building before the estimate was ever sanctioned.

I request that this estimate be sanctioned and funds given during 1898–99, as otherwise this piece of valuable land will remain useless in the charge of the Public Works Department and, as is usually the case with unoccupied land in or near a large town, get into a horribly dirty and insanitary condition. The estimate was submitted to the District Judge, Tanjore, with my No. 321 M., dated 6th November 1897.

From Colonel C. C. RAWSON, R.E., Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department, dated Chepâk, 7th April 1898, No. 246 W.

With reference to your No. 1953 C., dated 30th March 1898, I have the honour to return the estimate for the District Munsif's Court at Shiyali. The height of the compound wall has been reduced to 4 feet.

The foundations were allowed 6 feet deep, because the soil is not good and the site is damp. The soil is alluvium to a great depth. I have, however, reduced the depth of concrete to 2 feet. I am not prepared to recommend a foundation of 3′ 6″ of concrete without masonry as I do not approve of this form of foundations for buildings on bad soil, as I think it is much better to spread out the foundation so as to get a greater bearing surface.

Note by the Chief Engineer, Public Works Department.

In the estimate of Rs. 21,930 for constructing a District Munsif's Court at Shiyali, submitted by the Superintending Engineer, V Circle, with his letter, No. 246 W., dated 7th April 1898, a sum of Rs. 1,993 has been provided for compensation for land; but an expenditure of Rs. 2,329 having actually been incurred in acquiring the site, the estimate has been increased to Rs. 22,270.

9th May 1898. (Signed) W. B. deWINTON,
Chief Engineer.

Order—No. 1556 W., dated 21st June 1898.

The estimate, amounting to Rs. 22,270, as altered by the Chief Engineer, Public Works Department, for constructing a District Munsif's Court at Shiyali in the Tanjore district, is sanctioned; an allotment of funds for the work will be made later on, if possible.

2. This sanction has been registered as Provincial No. 27 W. of 1898–99, and classified as Civil Buildings—Original Works.

Dated 7th April 1898

From the Superintending Engineer V Cir

NOTE BY TECHNICAL SECTION.

Name of work Constructing a Mt. Munsif's Court house with out buildings at Sheyal Sanjore Taluq Sanjore.

Amount of Estimate as now received Rs 21,930

" " as Corrected 22,270

An estimate for this work amounting to Rs 22,670 was received Countersigned by the Dt. Judge of Sanjore and approved by the Judicial Department with the remark that the Compound wall appears too high and that a height of 3-9 or 4 should be ample and after the scrutiny of the estimate in this office Vide P's note dt/ 24-3-98 the S. E. V. Cir was requested in this office memorandum No. 1953 C of 30-3-98 to report as to the cause of deep foundations in clay for walls of only 14" height and if 3-6" of Concrete foundations will not suffice - also to reduced the height of the Compound wall from 5' to 4'-

If the S.E's opinion regarding foundations may be accepted.

2. Rates. Nothing is said in the A the previous Technical Note regarding rates. They shd be compared with the district schedule, & with Executed works in the neighbourhood, & a Note shd be added regarding their suitability & attended.

A.S.K

Estimate, can be Sanctioned

A.S.K
3-5-98.

P. W. 60
— 30-9-97.]

The T. E. in his letter No. 246W in reply to the above memo informs that he proposed foundations 6 feet deep owing to the soil not being good and the site damp Vide and in resubmitting the estimate of Rs 22,550 (not previously rec^d in this office except a report in S.E's No. 432W of 15-12-97 that an estimate of 22,550 has been sent for the sanction of Govt. thro' the Registrar of the High Court) was reduced the depth of Concrete bed under masonry from 3' to 2' and says that he is not prepared to recommend a foundation of 2'-6" of Concrete without masonry and also reduced the height of Compound wall as suggested. The alteration now made in this office in the amount of estimate from Rs 21930 to Rs 22270 is due to the fact that when the estimate was framed in October 1897 an entry of Rs 1993 was made under the head Compensation for land basing the information from letter No. 1769 by the Exe Engineer Tanjore Dn. but lost sight of the report by T.E.V in his letter No. 193W of 20-3-98 that there has been an expenditure of Rs 2329 in 1897-98 owing to the Rev Authorities having taken up the land for the building. It is presumed that the existing witness box and dock are in good order for use in the new Court.

No provision is made in the estimate for a Well in the Court Compound as it is believed

The estimate is submitted for sanction as altered, as the T.E. requests sanction and allotment of funds during 1898-99 Vide S.E's No. 193W of 20-3-98 para 2.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

READ the following paper :—

From the Registrar, High Court of Judicature, Madras, Dis. No.98, dated 18th January 1898:-

In G.O., No.73, Judicial, dated 11th January 1896, Government was pleased to approve of the construction of a new Court-house for the District Munsif of Shiyali, and ordered the preparation of plans and estimate, and in G.O., No.611, Judicial, dated 11th March 1897, the High Court was asked whether the site for the new Court-house selected by the Collector of Tanjore was suitable. The High Court have communicated their approval of the site in Dis.No.728, dated 5th April last.

2. The District Judge of Tanjore has now submitted the plans and estimates drawn up by the Superintending Engineer, V Circle. I am directed to forward them and to request that His Excellency the Governor in Council may be pleased to direct the execution of the work by the Public Works Department.

O R D E R :-No.375, dated 5th March 1898.

The compound wall provided for appears to be higher than is necessary. The Government considers that a height of 3'-9" or 4'-0" should be sufficient. Subject to this remark the plans and estimates are approved and transfer
