With reference W.G.O No. 13554
dated 27th May 1898, I have the honour to
report that the terrace of the roof of the
bottle room in the Medical Stores was
repaired in 1897-98. The room is in no danger
of collapsing; the cornice under joists has
been formed wholly in poor mortar & is
now falling away in lumps & will smash
the bottles on the floor. The ceiling plaster
is also crumbling.

I have given orders to remove the
plaster cornice at once & re-plaster flat &
to remove the ceiling plaster & white wash
the ceiling.
