GOVERNMENT OF MADRAS.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

READ the following paper :—

From the Commissioner of Police, Madras, No.45, dated 19th April 1898, forwarding for sanction plans and estimate for the construction of a new Police Station at Washermanpett.

Endorsement of the Public Works Department, No.363D, dated 23rd May 1898.

****

ORDER :- No.898, dated 10th June 1898.

The Government is unable to sanction so large a sum as Rs.14220 for the construction of a single police station. The plans and estimates will therefore be returned to the Commissioner of Police who should confer with the Consulting Architect with a view to reducing the cost of the building. The accommodation provided seems to be on too liberal a scale. The necessity for a hall measuring 25 X 16, and for a constables' room of the same dimensions is not apparent, nor does the provision of tiffin rooms for Head Constables and Constables seem to be essential. The estimate for a cattle pound appears to be susceptible of reduction, while a further saving could be effected by erecting the station building close to the road and so reducing the length of compound wall required on the western side.

2. In submitting fresh plans the Commissioner of

Police

Police should report the number of constables for whom accommodation is required.
