The Executive Engineer
Cuddapah Division

Most Respected Sir,

I most humbly beg to bring the following to your honour's kind consideration and favourable orders, fully believing that your honour will give your merciful considerations to my pitiful case.

In the year 1893 Executive Engineer C J Watson Esqr & A B Todd Esquire were pleased to represent that the pay of the storekeeper of this Division was inadequate to the responsibilities entrusted to his care.

I beg to submit that the stock of the Divisional stores has subsequently been increased. The present stock of the Divisional stores is more than thrice the quantity of the stock then existed in the year 1893. The approximate value of the Divisional stores now under my charge will come to nearly three lacks of rupees.

4

I beg to submit that I possess also practical & technical knowledge of carrying out repairs to tools and stores & of managing a central workshop depot.

I beg to bring to your honours kind notice that I worked day and night with promptitude and energy during the famine time.

It is well known to the Executive Engineers how much difficulty and hardwork I had in conducting the store transactions and in managing a central workshop depot of miscellaneous things without an assistant and extra allowance. These privileges were allowed to the Divisional Storekeepers of Bellary and Kurnool.

Besides the increase of responsibilities and hard work in the Stores, I have been managing satisfactorily the duties of the quarry Superintendent. I beg to add that by thus combining the duties of the quarry superintendent with the duties of the Divisional Storekeeper, the pay of an upper subordinate has been saved.

I farther beg to submit that owing to the removal of the Head Quarters of the Division to Madanapalle,

5

I (being the only one member left at Cuddapah have to look after the old Divisional Records of 30 years standing from 1860 to 1890, and pick out references. The famine records of the Division are also under my Charge. By my looking after these records I beg to submit that the pay of an experienced clerk has been saved.

From the above it will be observed that my responsibilities and duties have been increased considerably and that my present salary of Rs 40 is out of all proportion to the value of the stores and responsibilities entrusted to my care.

I humbly beg to request that your honour will be so merciful to take my personal case into your honours benign consideration and to favour me with an increased pay as a special case in consideration of the responsibilities and extra works devolved on me, as done in Kurnool and Bellary divisions of this circle. The Storekeepers of these divisions have been drawing Rs 100.

As this division is also a famine one like Kurnool & Bellary, I submit that my duties and responsibilities

6

are the same as those of Kurnool & Bellary Storekeepers.

With regard to my qualifications I beg to state that I have passed the following examinations—

Middle School 1st class
Matriculation
P W Codal Examination
Translation Lower grade
Precis Writing Higher grade.

My service in the department is nearly 16 years.

Further I beg to submit that I am not wanting in energy as my age is only 36 years. and the responsibilities and the extra works devolved on me are not as much as I desire to have to shew my energy activity and capabilities with my experience of 16 years in this department.

I beg to enclose copies of testimonials for your honour's perusal.

For this act of Kindness I shall as in duty bound ever pray for your honours long life & prosperity.

I beg to remain
Most Respected Sir
Your most obedient servant,
V Guruviah
Dist Storekeeper.

Sir,

In submitting herewith an application (supported by the Exec Engineer Cuddapah Division) from V. Guruviah Chetty Storekeeper and quarry superintendent Cuddapah Division for an increase of pay, I have the honour to state that his pay appears small in proportion to his duties and to the value of stock under his charge.

2. I consider that his pay might be increased, and also his Security deposit, which is at present only Rs 200. The pay of the storekeeper of Kurnool Division is Rs 100, and that of the stor

13

Storekeeper Bellary Rs 50, but temporarily increased to Rs 100 on account of famine work.

3. V. Guruviah Chetty draws at present Rs 40. for the Combined duties of Storekeeper and Quarry Superintendent, and during the famine he was not given any additional help or extra remuneration. I recommend that his pay be raised to Rs 60, (i.e) Rs 45 as storekeeper and Rs 15 as quarry Superintendent and that his Security deposit be raised to Rs 1000,× to take effect from 1st April 1898.
