With reference to Government of India Military Department No. 865-B., dated 9th March 1898, sanctioning a grant of Rs. 3,800 for the construction of an armoury and magazine at Pákala for the South Indian Railway Volunteer Rifle Corps, I have the honour to request the favour of your moving the Government of Madras to authorize the Public Works Department to undertake the construction of the armoury and magazine, receiving payments from time to time of such sums as may be actually required for immediate use as contemplated in the concluding portion of paragraph 81, Chapter IX, Public Works Department Code, Volume I.

2. The Commandant, South Indian Railway Volunteer Rifle Corps, at the instance of the Executive Engineer, North Arcot division, has requested me to place the total amount sanctioned for the construction of the armoury and magazine at once at his disposal, but I am precluded from doing this unless the full sum is actually required for immediate expenditure (*vide* paragraph 2 of the Military Department letter quoted).

3. I may add that a similar arrangement has been sanctioned by the Government of Burma.

4. The favour of an early reply is requested.

Note.

In letter from the Govt. of

India, No. 865 B, dated 9th March 1898,

printed with G.O. No. 986 W, dated 18th

April 1898, a grant-in-aid of Rs. 3800

was made to the South Indian Railway

Volunteers for the construction of

an armoury and magazine at Pakala,

North Arcot District. The Govt. of

India remarked, in para 2 of its let-

ter, that the money was to be drawn

only as required, and the Controller

of

of Military Accounts is therefore unable to make over the grant to the P.W.D. in a lump sum. The work is being carried out by the P.W.D. under the rules for contribution work (para 82, Chapter IX, Volume I P.W. Code). There is no objection to ^{for} payments ^{for} such works being made by instalments, provided Govt. is not held responsible for increase in cost, or damage to uncompleted work caused by a temporary stoppage of work, pending receipt of further instalments.

2. It is proposed to sanction the Controller's proposal to pay by instalments, subject to the above conditions, though as the money is virtually in the Govt. treasury, there is no fear of any delay in payment.
