From

H. E. Clerk Esquire

Executive Engineer

Bellary Division

The Superintending Engineer in Charge,
Through the Collector of Bellary.

Sir,
I have the honour to state that when the undermentioned Upper Subordinates of the ordinary staff of the Division were transferred to famine duty from the dates set opposite each, their clerks (temporary) were also likewise transferred. The Examiner, P.W. Accounts, now points out that sanction of Government to the creation of the temporary appointments held by these clerks in the famine Establishment is necessary and I have the honour accordingly to

request that you will be good enough
to obtain the requisite sanction. It should
be noted that their places on the ordinary
Establishment were not filled up.

OFFICE NOTE No. 2098 ¹³/₂

To

W.

Your O.N. No. 2689 C dated 1st June 1898.

Under ordinary rules an Upper Sub-ordinate is entitled to a clerk when absolutely necessary, but in the case of these employed on purely Famine duty it was necessary that there should be sanctioned temporary appointments against which the pay of the clerks employed under sub-ordinates could be charged to the head "33 Famine Relief"- and the Executive Engineer should have, with reference to para 194 of the Famine Code and to the G.O. quoted in your office Note, have included the names of these two clerks or their appointments (as in the case of all other clerks employed under subordinates) in the weekly lists submitted to Government for sanction through the Collector.

2. As matters stand at present there are no sanctioned appointments under the head 33 Famine Relief, against which the pay of the clerks in question can be charged to that head and the sanction of

of Government for the creation of these
appointments is therefore necessary to
finally admit the claims.
