2. The explanation furnished by the General Superintendent P. W. Stores in his letter No. 298 dated 22nd April 1898 for his having obtained the fencing from Messrs. Note

The Executive Engineer, Salem Division, sometime in 1897, sent an indent on the General Superintendent P. W. Stores, for fencing materials required for the Tirupatur Taluk office. The latter

latter officer had not the materials in stock and obtained them from Messrs Brun & Co of Calcutta. The General Superintendent now states that he does not remember the exact circumstances in which he gave the order to Brun & Co, and that it did not strike him at the time that he was not dealing with a manufacturer of the firm. This explanation is certainly unsatisfactory. The attention of the General Superintendent will therefore be drawn to the instructions contained in G.O. No. 724W dated 12th March 1897 and he will be directed to see that these instructions are strictly adhered to in future.

The fencing was purchased for Rs 471-3-8. Its English cost cannot be ascertained, as fencing of this kind has never been obtained through the India office and it is not therefore possible to compare the two prices.

As the purchase was made long ago, it is proposed to sanction it to remove the audit objection.

The General Supdt. states that he has included two miles of fencing in the indent which has just gone home.

he does not remember the exact circumstances in which he gave the order to Messrs Binny & Co., & that it did not strike him that he was not dealing with a manufacturer of the firm. All this shows how little attention had been paid to G.O. No. 724 W of 12.3.97, which had then so recently been issued.

As the purchase was made long ago, it is proposed to sanction it, to remove audit objection. The Genl. Supt. states that he has included 2 miles of fencing in the annual indent which has just gone Home.
