READ the following papers—

407 and 332, and in July 304 and 162.

4. The cause of this constant overcrowding is that Pollachi is the place where all convicted prisoners sent from Udamalpet to the District Jail halt, where all prisoners committed for trial by the Sub Magistrate of Udamalpet halt on their way to Coimbatore, where prisoners under-trial by the Head Assistant Magistrate are confined and where all prisoners sent to the Head Assistant Magistrate by the Sub Magistrate of the Pollachi, Palladam and Udamalpet Taluks are confined.

5. Under the circumstances I request that an estimate may be ordered to be prepared for the construction of 2 new cells each to hold 8 prisoners.

From the Inspector-General of Prisons, No. C. 1373, dated 16th November 1896:-

In returning the papers which were forwarded to me for remarks with endorsement No. 1839 Judicial, dated 14th September 1896, I have the honour to submit a statement obtained from the District Magistrate showing the daily average population of the Pollachi Subjail during 1894, 1895 and 1896 and the number of days on which the number of prisoners locked up therein was in excess of the accommodation, and to state that in view of the generally overcrowded state of the Subjail it appears necessary to add to the existing accommodation at that Jail in the manner proposed in Mr. Bradley's Reference on C. No. 3033/Rev dated 28th August 1896.

From the District Magistrate, Coimbatore, R. O. No. 1004, dated 27th November 1897.

4th July 1898.

ORDER:- No. 1003 is approved and the Public Works Department will be requested to issue the necessary instructions for the preparation of plans and estimates for the work in question.
