Note to accompany the draft order on C No 4401 &c.

With the papers recorded above S. Es and the Consulting Architect submit statements of demands for incomplete works of 1897-98 and for new works proposed to be undertaken during the current year. The demands preferred, and the sums actually allotted, are shown in the subjoined table

	Classification	Funds applied for	Amount allotted	Remarks.
		Rs	Rs	
(a)	Incomplete Works	1.11.584	83.707	With the exception of items 20 and 33 of the annexed statement, allotments for which have been withheld (vide paras 8 & 9 of the draft order), funds have been provided for all the incomplete works brought forward.
(b)	Lump sum allotments for Minor Works – δ	7.250 ~~7.050~~	3.250 ~~3.060~~	The S. E. III circle applies for an allotment of Rs 4000 to the Bellary D in addition to the budget provision of Rs 2.000. The grant applied for, is said to be required for constg ryots sheds to certain taluk cutcherries. The works in question being new works, the demand has not been complied with.
(c)	– do – for Repairs	7.240	5.450 ~~7.240~~	The grants applied for under this head are small sums required in addn to budget allotments vide para 3 of the draft order for details. This is necessary. The grant of Rs 1.790 required for repairs to St John's Church at Pondicherry has been separately provided.
(d)	– do – for tools and Plant	30.000	30.000	The Supt. P. W. Stores reports that the budget grant of Rs 12.000 ~~12.000~~ is quite inadequate, and requests that the grant may be increased by Rs 30.000, as there is a great deal of ~~work~~ in hand for manufacturing and repairing tools and plant.

(g)	Other new works	∴ 40.240	δ ..	∴ demands for works, already complied with, have been excluded. δ Funds are not available to meet the requirements of these works

2 The balance at the credit of the Provincial reserve, after taking into account all the modification statements received up to date, amounts to Rs 1.73.924. The appropriations proposed above will reduce it to (Rs 173,924 - 1.40.077) or Rs 33,847. This sum it is proposed to reserve for special demands that may be brought forward during the year.

P.K.S

W

The question of making an allotment of Rs 15,000 or Rs 20,000, in addition to the Rs 5210 already granted, for the Reformatory School at Chingleput, might perhaps be considered. The sanctioned estimate amounts to Rs 71,250, & the Educational Dept. has recently been pressing for an early commencement of the work. The grant of Rs 5210 already made, is for the Dy. Supt's kitchens, a part of the general project.

Incomplete works.

(1) Item 15. Rs 995
Why is only provided?

(2) Tools and Plant
Rs 30000.
I presume this sum is for cost of manufacturing articles which are subsequently charged off to works? It is really a suspense acct. I suppose?

(3) Para 4 of draft note
omit building Rest house at Sadras. which is not urgent.

(4) Para 7. I want to see a list of the works for which funds have been asked for but not given

---

Note for W

Para 1. The allotment of Rs 995 now made, is in addition to the budget provision of Rs 5.655. vide item No 55 of Part I - Class A Works of the final issue of the Provincial Civil Works Budget for 1898-99. The total grant amounts to Rs 6.650 which together with the past outlay of Rs 4.250, will be equal to the amount of revised estimate viz Rs 10.900.

Para 2. With reference to your remark stating that the cost of manufacturing articles at the P.W. Stores, is subsequently charged off to works, it is respectfully submitted that the cost is debited to the head "Tools and Plant". The tools manufactured at the stores are issued gratis to other divisions - vide para 121. Chapter III. Vol II of the P.W. Code, as modified by S.G. No 90. Instead of each division supplying itself with the necessary tools, the P.W. Stores manufactures them and meets the demands of other divisions. The whole cost is charged off to Provincial funds, but in the case of of works appertaining to funds other than Provincial, a fixed percentage is recovered for the use of tools and plant. vide para 147, Chapter IV, Vol II of the P. W. Code.

Para 3.

The item has now been omitted.

Para 4 The works have been tabulated in the accompaniment to the draft G. O., and are shown after the list of incomplete works.

Para 3 of the draft order has been ~~a little~~ modified, for, the amount required for repairs to St. John's church at Pondicherry which was provided in the present draft order, has been separately allotted. The G. O. appropriating the amount was received from Ootacamund after the despatch of the draft order herewith resubmitted.

I have the honour to request that you will kindly increase the grant of the P. W. Stores Division under Tools & Plant Indian supplies by Rs 30000 as the present grant of Rs 12000 will be quite inadequate for 1898-99 - There is a great deal of work already in hand for manufacturing and repairing Tools and Plant, the increase now applied for will, it is anticipated be necessary to meet these charges.

Copy submitted to the Chief Engineer P. W. D. with the request that the additional funds asked for may be allotted.

2. The requisite application for modification of grants is herewith forwarded.
