READ—the following paper:—

From Sergeant R. CUTHBERT, First-Grade Overseer, to the Assistant Engineer in charge of No. III Sub-division, dated Guindy, 4th January 1897.

I have the honour to request that, in the event of my application for leave to England being sanctioned, I may be allowed to go through a course of Electricity at Chatham while at home, so that I may have an opportunity of acquiring a knowledge of that branch of Engineering before returning to this country.

No. 1335.

Forwarded to the Consulting Architect for favourable disposal:

Certificates such as you ask for in your letter of the 8th instant are not issued.

Should your Department require information beyond what the correspondence shows it could doubtless be obtained by them on application made by them through the usual channel.

To
The Executive Engineer
Public Works Dept.
Nellore

Madras 17th Decr. 1897.

Sir.

In forwarding the enclosed memo from Major Carr R. E. Chatham, I beg to state that during my leave in England I proceeded, under orders from the India Office, to the School of Electricity, Chatham, for a course of electricity, and remained there for over four months, during which time I was instructed in the following subjects, viz.:-

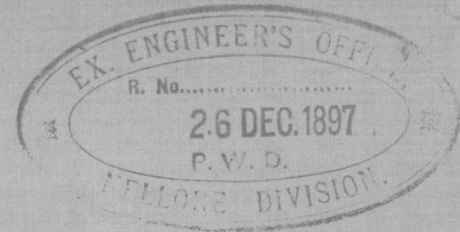

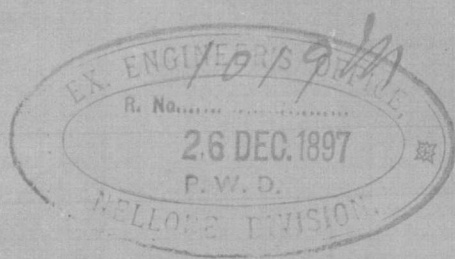

- i Fitting up of Electric Bells.
- ii Erection & Testing of Lightning Conductors.
- iii Electric Light Installations.

During the above mentioned period I attended at the School daily from 9 A.M. to 5 P.M. Saturdays 12 A.M., and was allowed and given every facility for acquiring information and instruction in the subjects mentioned.

I was also examined, at my own request, in each subject on completion of course.

In order that I might have some record of the instruction and examinations undergone, I asked Major Carr R. E.
