Ganjam ..	1,897	379.4	43	390	110	..	543	The programmes cover the whole Presidency, except the districts of Madras, the Nilgiris, Malabar and South Canara and the deltaic taluks of Godavari, Kistna and Tanjore, which have been exempted from the operation of the rules for the preparation of programmes of famine relief-works. The works included in the programmes are generally the construction and repair of irrigation works and roads and miscellaneous works for the improvement of drinking water-supply and village sanitation, the clearance of village sites and the like, as well as land improvement works to be carried out with the aid of State loans, such as well-sinking, the removal of <i>mud grass</i> , &c. As usual, the bulk of the provision falls, in most districts, under road works. The total provision made is adequate except in the districts of Vizagapatnam, Nellore, Chingleput and Salem; and the provision is greater under "large" than under "small" works, except in the Nellore, Chingleput, South Arcot and North Arcot districts. Collectors are doing their best to devise further appropriate projects. Provision made under "sanctioned" works is small in proportion to that made under other works except in the districts of Bellary, Anantapur, North Arcot, Salem and Coimbatore. Collectors have been urged to bring more of the unsanctioned works under "sanctioned" in obedience to the instructions of the Government of India in its Circular, dated 30th July 1904, No. 16-36.
