Temporary Engineers

Letter from the Government of India stating the conditions under which it will entertain applications from — for leave, otherwise than is admissible under the Regulations applying to temporary servants generally, communicated to the Superintending Engineers for information.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following paper:—

From G. H. LEMAISTRE, Esq., Officiating Under Secretary to the Government of India, Public Works Department (General), to the Secretary to the Government of Madras, Public Works Department, dated Simla, 1st July 1898, No. 1889 G.

The Government of India have, in connection with recommendations made to them by the Governments of the North-Western Provinces and Oudh, the Punjab and Burma and the Director-General of Railways, had under consideration the question of improving the position and prospects of temporary Engineers employed in the Public Works Department. They accordingly addressed certain recommendations on this subject to the Secretary of State, the principal object of which was to empower them to confer upon selected officers of this class certain advantages in respect of leave.

2. The Secretary of State after consideration of these proposals has agreed that leave may be granted by the Government of India in individual cases to temporary Engineers, who have served Government well, on such terms and with such allowances as may be thought fit, provided that the leave and leave allowances granted are kept within the limits of the rules in the Civil Service Regulations which apply to officers appointed to the provincial service of the Public Works Department and that it is clearly understood that any indulgence of this nature which may be granted to a temporary Engineer is a matter of grace to be given or withheld on a consideration of each case on its own merits.

3. I am accordingly to state that the Government of India are prepared to consider on their merits any cases in which temporary Engineers require, or are desirous of taking leave, otherwise than is admissible under the Regulations applying to temporary servants generally, and in which the Local Government may be of opinion that it would be to the public interest that leave should be granted, subject to the limitations and on the conditions above indicated.
