No.134.

Nilgiri Registrar's Office,
28th. October 1897.

From

M.R.Ey. M. Sankara Menon,
Registrar, Nilgiris,

To

The Inspector-General of Registration,
M a d r a s .

Sir,

With reference to your Proceedings G.No.6050 dated 5th Instant, I beg to report that the building in which the Registrar's office is now held is both insufficient and unsuited.

2. It has only two rooms whose approximate dimensions are 27 ft x 12 ft and 27 ft x 9 ft. The smaller of the two is divided into two by a wall in the middle, one of which contains 4 almirahs and the other one almirah, the safe and the three clerks. Myself and the Magisterial clerk are seated in the other room, where the remaining one almirah and two racks also are placed. In the smaller room generally and in the other room when parties come on business, free moving is difficult. The accommodation is therefore quite insufficient.

3. Adjoining the wall of the room in which the almirahs are placed, there is a Municipal cistern for storing water which necessarily makes the records damp. The room in which the almirahs are placed could not be utilised for the clerks for want of sufficient light. Another source of nuisance is the location of a privy in front of the office.

4. I herewith submit a ground plan of the rooms proposed to be taken up from the European Jail building for the Registrar's office. The proposal, if ultimately sanctioned, will give the office better and more spacious rooms and a large verandah to accommodate the parties as will be seen from the plan.

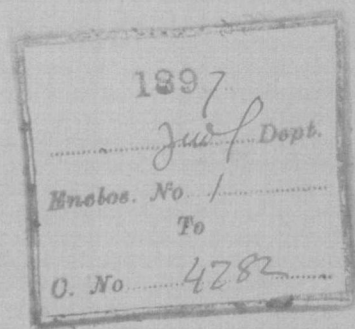

5. I regret to state that I am not willing to take up any portion of the building as my private residence.

6. I could not submit this report earlier as one of the rooms being occupied by the Pioneers as their hospital room could be inspected only this week.

I have etc.,
