No 1903 W dt 28·7·98

His Excellency the Governor in Council is pleased to sanction a temporary increase of pay of Rs. 15 per mensem, from November 1894 to October 1897 inclusive, or Rs. 540, to Delta Superintendent K. Venkatasubbiah of the Godavari Central Delta, to cover the extra expense to which he was put in consequence of the special work on which he was employed.

2. The attention of the Superintending Engineer is drawn to the delay which has occurred in presenting the claim for sanction. Such delays should be avoided in future.

SUBJECT.

Increase of pay to a Surveyor.

FOR ORDERS.

K. Venkatasubbiah, Delta Superintendent in the Godavari Central Division was in November 1894 put on special duty by the Superintending Engineer, I Circle, and application is now made for the admission to this subordinate of travelling allowance, during the period of his employment which has extended from November 1894 to October 1897.

The Examiner, P. W. Accounts, re- ⁎ ports that a daily allowance can be sanctioned by Government under the Travelling Allowance Rules, and he quotes Article 1154 C.S.R. et seq in support of his view; but he appears to be wrong; Article 1133(a) distinctly bars any such allowance to officers of the classes mentioned in Appendix 22, and the Delta Superintend-

ent

It is very unusual to grant such allowances retrospectively. I should have further information before I can properly consider the case:—

(1) as to the man's ordinary work and ordinary limits;

(2) as to the extraordinary works and extraordinary limits now referred to.

⁎ Flag B.

A.GH 14.5.98

ent falls into entry 31 of this Appendix if his permanent appointment be considered, and into entry 33 if he be regarded as a Surveyor. It will thus be seen that in neither of his capacities can he get anything under the Travelling Allowance rules.

There is no doubt, however, that the man has been put to extra expense by his special duty and it would be a hardship to require him to meet this extra expense from his pay Rs. 55, as a Delta Superintendent. It is therefore recommended that for the period of his employment on survey duties he be granted an increase of pay of Rs. 15 per mensem.

This is the correct form in which to remunerate a person employed on survey duties.

His Excellency the Governor

For Orders

Submitted with reference to His Excellency's note dated 14-5-98 on the note for orders below – Flag B.

R.S. The Delta Supdt. presented his claims in 7 Jan 1896, but they were never forwarded by the Exec. Engr (Mr Henley was on furlough) for some reasons which neither the present Exec. Engr nor the Supdg Engr can explain. It is not therefore his fault that so long a time has elapsed before his claims were submitted to Govt.

The increase of pay now proposed of Rs 15 per mensem amounts to Rs 540 from Nov: 1894 to Oct 1897 inclusive

SIR,

With reference to your No. 373 D/1.6.98, I have the honor to inform you that the main or ordinary charge was an ordinary Delta Superintendent's Section - in this particular case the Main Canal Section. This is a Small charge, forming a portion of a Sub Division.

2. In the Extraordinary charge, the Delta Superintendent had to travel over nearly the whole of the Central Division, and his work consisted of Superintending the Excavation of certain special works, Project and Miscellaneous surveys, Levels &c.

3. I enclose a Statement showing the journeys made, and nature of work done, and as the

the man is reported to have worked very satisfactorily, I have the honor to recommend that the travelling allowance claimed may be passed, as a special case.

The Govt. is not satisfied as to the necessity for granting allowances retrospectively for this long period, but before coming to a decision requires further information on the following points.

Sir,

With reference to your memo of the 8° Ultmo, No. 1441C, I have the honor to transmit herewith 4 Journals submitted by the Delta Supdt in proper form in support of his claim together with his explanation as to what extra expense he was put when he was on special duty.

2. The Delta Supdt was employed on special duty of a multifarious nature, viz. Surveying, levelling, estimating, plotting &c by Mr Howley from January 1896, and his successor Mr Langston certifies that the claim is only made for the periods the Delta Supdt was actually on such duty and recommends Travelling allowance being granted him as a

special case.

3. Mr. Horsley does not appear to have passed any orders on the claim submitted by the Delta Supdt on January 96, but why, neither Mr Langston nor I can explain. Presumably, he was of opinion that the claim even if recommended would not receive the sanction of Government

~~Order~~ The Chief Engineer has the honour to state that the claim to travelling allowance preferred on behalf of Delta Supt. K. Venkata Subbayya must be supported by journals in proper form. It should also be stated explicitly to what extra expense the Delta Supdt. was put by reason of his survey duties, and why. Some explanation of the delay in submitting the claim should also be afforded, and in view of the great loss of time which has already occurred, this reference should be disposed of speedily.

Daily allowance and not Conveyance allowance may, if Government consider it necessary, be granted to K. Venkatasubbiah, Delta Superintendent, Godaveri Central Division, for the periods he was employed on special survey duty under the rules in articles 1154 et seq C.S.R., but I would point out that the Godaveri Central Division was only formed in September 1895, whereas the Delta Superintendent is stated to have been employed on survey duty from November 1894, and no reasons have been assigned as to why the claim was not preferred long before this although similar concessions were granted, in the orders of Government quoted by the Superintending Engineer.

This is quite possible. There is no necessary connection between a particular Survey and the changes in Divisional areas.

SIR,

I have the honour to bring to your Notice that, in the Godavari Central Division, a Delta Superintendent named K. Venkata Subbayya was employed on special duty i.e. on Survey work &c. by the Exce Engineer from November 1894 to October 1897. ?

2. The Exce Engineer reports that the Delta Superintendent has done very useful work and deserves to be granted travelling allowance for the period he was actually doing field work.

3. A bill for Rs 356-9-0 on account of the travelling allowance due to the Delta Superintendent received from the Exce Engineer is enclosed.

4.

4. The Delta Superintendent seems to have been put to extra expense by having been employed on special duty and I request that sanction of Government may be obtained to the grant of the travelling allowance as claimed in the bill as a special case.

5. I may add for your information that when Delta Superintendent B. Lakshamayya was employed on survey duty travelling allowance was specially sanctioned to him - vide G.O. No: 2399 W of 6 September ×· Flag. B
