READ the following paper:—

From the Inspector-General of Registration, Madras,
G.No.3325, dated 10th June 1898:-

The Subregistry office at Morapanad, Tinnevely District, is at present held in an old public building which is reported to be in a dilapidated condition and quite unsuited for the purposes of a registration office where valuable records are preserved. The Executive Engineer, who has been addressed states that " it appears desirable to abandon the present building and remove the office to a rented building till a new building is constructed". The Subregistrar reports that no suitable and convenient building can be had even for a higher rent in the locality. I have, therefore, the honour to request that Government may be pleased to issue orders for the early preparation of plans and estimates for the construction of an office building for the Subregistrar on the design (B) for second class offices proposed in my letter of this ^{day's} date No. 3322 G. The Sub Divisional Public Works Officer of Srivaikuntam who inspected the present building states that " for the present it is not safe should there be heavy rain like as we had in December 1895 to use the building both for life and property".

2. There are three clerks in the office and the registrations, receipts, &c for the three years 1894-95, 1895-96 and 1896-97 are as follows:-

Year

Year	Registrations	Receipts Rs.	Expenditure Rs.	Surplus Rs.
1894-95	2597	3771	1679	2092
1895-96	2498	3852	1797	2055
1896-97	2363	3831	1842	1989

-----000-----

Order:-No.1138,dated 20th July 1898.

The Inspector-General's proposal is approved and the necessary orders for the preparation of plans and estimates will be issued in the Public Works Department.
